RUSSANS TAKE 6250 GERMANS PRISONERS

Five Guns and Twenty- two Machine Guns Are Part of Booty Taken in Western Front Battle

SLAVS SCORE HARD AGAINST TURK ARMY

Fall of Erzincan Places Ottoman at Great Dis- advantage, While the Austrians Are Fleeing

BERLIN, July 27.—An Austrian withdrawal before superior Russian pressure north of Brody in Northeastern Galicia is announced by Austro-Hungarian army headquarters in its report to July 26.

BERLIN, July 27.—A German airship on July 25 attacked the main base for Russian and British submarine operations, it was officially announced by the German Admiralty today. The airship bombed the port successfully. It is added with 700 kilowatt explosive bombs. Although the vessel was shelled it returned to port undamaged.

PETROGRAD, July 27.—In the battle on Tuesday the Russian army, front 3250, took the town of Erzincan, a strategic point in the Caucasus, says the official statement issued today by the Russian War Department. The Russians also captured five guns and twenty-two machine guns.

Russian forces operating in the Caucasus are continuing their pursuit of the retreating Turks, the statement says. In the Turkish forces of Erzincan, the capture of which was announced yesterday, the Russians took a depot of war materials. Heavy rains are impeding the progress of the Russian drive into Northeastern Galicia. The Styr, Stochod and Lpa rivers are swollen over their banks and the sticky marshes hedging the Stochod in particular have been rendered even more impassable. Fighting continues against the Turks, but notwithstanding are steadily forcing forward. Brody is harassed on two sides by a Russian offensive, the war office announced. The resistance of General Boehm-Ermolli's Austrians.

On the extreme north General Kurapatkin's forces are successfully repulsing further assaults by General Von Hindenburg. Heavy losses on the Teutonic columns. Petrograd is expecting further gains by the army of the Caucasus under the Grand Duke Nicholas. Rate of progress of the Russian drive against the Turks has been extremely rapid. On Monday the official reports placed the Grand Duke at a point fifteen miles distant from Erzincan. On Tuesday the war office announced capture of the town. Since Erzincan's capture deprives the Turks of any base nearer than Sivas, 130 miles further west, a rapid retirement nearly to this point may be expected.

British Admiralty Silent on Fight Rumor

LONDON, July 27.—Officials of the British admiralty informed The Associated Press today that they had nothing to report of a new naval action in Scandinavian waters and had received nothing in any way confirming or disconfirming reports of naval activity in that region.

A report published in a Stockholm newspaper on Wednesday said that prolonged firing had been heard Monday coming from the Gulf of Bothnia, which forms the northern arm of the Baltic Sea. The newspaper report supplied no details.

Paralysis Epidemic Decreases Slightly

NEW YORK, July 27.—Only a slight decrease in the epidemic of infantile paralysis was noted today in the health department's report for the twenty-four hours ending at 10 a. m. During that period there were thirty-one deaths and 151 new cases. More than 700 children now have been killed by the plague since its inception on June 26, and there have been more than 3000 cases reported.

Warrants Issued for Arrest of Bankers

NEWARK, N. J., July 27.—Warrants for the arrest of Edward H. Hatch, vice-president of the Mutual Trust Company of Orange, N. J., issued Monday by the State Banking Commission and for Thomas S. Byrne, secretary and treasurer of the institution, were issued here today. They are charged with conspiracy to defraud the bank out of \$304,000.

Jumps Under Train to Death Dimond Canyon Farmer Ends Life at Niles

NILES, July 27.—Deliberately lying across the track underneath a train that was pulling out of the Southern Pacific station here at 8 o'clock last night, Pietro Gobia, an Italian farmer living in Dimond Canyon, committed suicide in a spectacular manner before a score of witnesses. His body was ground beneath the wheels and both legs were severed before the train was brought to a standstill, in response to cries from the horrified spectators.

Gobia, who was 30 years old, had been drinking during the day, according to witnesses, but he had not been noticeably despondent. He was observed hanging about the station for some time before the train pulled in. He waited until the conductor had given the signal to the engineer for the train to start, walked quickly forward and cast himself full length across the rails.

So far as is known, Gobia had no relations in this country. He was a native of Italy and had resided in Alameda county only a few years.

CASEMENT IS TO BE GIVEN ANOTHER CHANCE

Appeal Court Will Hear "Pos- sible Application" on Convict's Behalf.

LONDON, July 27.—Justice Darling announced today that the five judges who heard the appeal of Sir Roger Casement against the sentence of death on the charge of high treason in connection with the Dublin revolt would "at tomorrow" hear a "possible application" on behalf of the convict, the nature of the application not being disclosed.

Justice Darling said he had received a letter from those representing Casement, and calling the Crown attorneys into court he made the foregoing announcement after conferring with Justices Bray and Scrutton, the only appeal judges present in court. The London news agency says that a public execution of Roger Casement is highly improbable and that falling special instructions from the government to the prison authorities to hold in privacy at the Pentonville prison August 3 will be proceeded with.

According to some authorities, execution for crime except those of murder, must be public.

Germans Wage Sea War on Lumber Ships

LONDON, July 27.—German submarines have started a relentless war against timber-laden vessels in the North Sea. Four ships, all Norwegian, were reported to have been sunk today. They were the Bama, Siebrid, Juno and Kentenorg.

The captain and twelve men of the Kentenorg were landed today at Shields, where they gave details of the destruction of their vessel. The German submarine commander, after examining the Norwegian vessel's papers, is quoted by members of the crew as saying:

"Well, I suppose I must do it. I am very sorry but it is my duty. I am sick and tired of the whole business. The ship was then saturated with paraffine and set on fire.

England May Revamp Educational System

LONDON, July 27.—The Marquis of Crewe announced in the House of Lords last evening that the government proposed to appoint a committee to review the whole field of national education. This announcement is the outcome of strong agitation to overhaul the educational system of the nation in view of the de-facto revealed in the course of the war and with the object of meeting German competition in various fields of research in which Great Britain hereto has been outdistanced.

British Pay Heavy Toll of Officers

LONDON, July 27.—The severity of the fighting since the beginning of the present offensive on the western front is indicated by the list of casualties among officers issued by the war office, showing for the first three weeks of July 1108 killed, 2334 wounded and 491 missing.

This makes the aggregate loss since the beginning of the war 10,105 killed, 21,230 wounded and 2462 missing.

President Signs \$42,000,000 Bill

WASHINGTON, July 27.—President Wilson today signed the river and harbors bill, appropriating \$42,000,000 for the continuance of old projects and a few new ones.

ADMIT AUTO DALLIED AS LIFE EBBED

Bear Guests to Church Steps While Bess Smith Dies

Lose Quarter Mile on Journey Toward Hospital

From the lips of society women who were witnesses last February to the tragic death of Miss Bess J. Smith, who was killed by the speeding automobile of Adolph Uhl, wealthy merchant of Oakland and San Francisco, District Attorney Hynes today drew forth admissions that, following the accident at Pearl street and Oakland avenue, the party in the car, which was bound for a wedding festival, went a quarter of a mile out of their way to accommodate the guests before the victim was taken to the emergency hospital.

Mrs. Felton Taylor and Mrs. George Uhl, sister-in-law of the defendant, who is on trial charged with manslaughter, told of how the women of the party were taken first to St. Paul's Episcopal church with the crushed and bleeding body of the fatally injured girl lying in the bottom of the big automobile.

Instead of getting out of the car at Oakland avenue and Bay place and continuing their way on foot to the church in order to permit the auto with its victim to proceed rapidly to the hospital, the party remained in their seats, they admit, and were driven to the church by Adolph Uhl, who was at the wheel. Uhl then turned about and took his unconscious passenger to the hospital, where she expired within a short time and where she was unrecognized, even by doctors and attendants who had been her intimate friends.

TELL OF FATAL JOURNEY

The details of the auto trip from the scene of the accident have not been received at the hotel and since the tragic affair. Further, the witnesses testified, Uhl, after a short stay at the hospital, returned to the wedding and afterward drove his party to Smith's residence at the Hotel Oakland, where all made merry until a late hour.

Other witnesses, testified of seeing Miss Smith alight from a street car party to receive the guests at the hotel, and that her dog in leash started across Oakland avenue after the car had passed; of how she could be plainly seen between the two tracks walking toward the west curb as the automobile, traveling at a high rate of speed, plunged down the hill.

They told of the dull thud at the point of contact and of how the brakes were then applied with the result that the heavily loaded auto skidded along the street, dragging its victim along by its momentum.

CARRY BODY AWAY

Then it was related of how two men got out of the car, picked up the unconscious form and sped away. Those in the auto were Adolph Uhl, Mr. and Mrs. Felton Taylor and Mr. and Mrs. George Uhl.

Arguments were commenced today in summing up the testimony and evidence. Attorneys M. C. Chapman and L. B. Church argued for the defendant and District Attorney Hynes will wind up the case for the prosecution. It was stated that the case will probably go to the jury late today.

IMPORTANT CASE

District Attorney Hynes in his opening statement to the jury said in part: "In the opinion of the prosecution this is a very important case. The personal standing of the defendant should not be taken into consideration. I have a very high opinion of Mr. Uhl as a business man of this community and a resident of this city, but the laws of the state have been violated. They are good laws and should be upheld. The standing of the defendant should not be a factor for the jury to consider."

WOMEN'S TESTIMONY

"Mrs. Taylor," District Attorney Hynes continued, testified at the coroner's inquest that the car was going between twenty and twenty-five miles an hour when Miss Smith was struck. Here she testified differently. When I questioned her she declared that she did not know what the law was when she told the speed of the car the first time.

"I don't blame her. Naturally anyone would seek to make testimony to a friend—but it is your duty to analyze the statement."

VIGILANTE SPIRIT IS MOVING COMMUNITY

San Francisco in Quandary as Police Track Suspects

THOUSANDS RAISE PEACE CRY Law-Abiding Elements of City Ex- press Horror at Tragedy

SAN FRANCISCO, July 27.—Is San Francisco threatened to such a degree by desperate law breakers and unscrupulous criminals that a revival of the vigilantes of the Argonaut days is needed for a purging of the community, or is the city adequately safeguarded by the police power vested with that duty? Six thousand citizens assembled in the civic auditorium last night at the meeting called for the purpose of voicing public sentiment against the perpetrators of the bomb outrage during the preparedness parade.

"San Francisco is aroused," declared Attorney Otto Irving Wise, in his speech before the throng. "The tragedy of last Saturday was the culmination of a long period of lawlessness and disorder. Ruskin said that peace may be obtained in two ways—we may win it or we may buy it; we may fight for it or we may compromise. Which shall it be?"

"The police department, according to our form of government," said Mayor James Rolph, "is charged with the suppression of crime and the maintenance of law and order. Its record is noble and we have just reason to point with pride to its record last year when the city held high its head as host to the world. It has earned the utmost confidence of the community."

"Police vigilance," watched over the safety of the meeting with unusual strictness. Plain clothes men and uniformed patrolmen were present in large numbers and several squads of men were sent out to guard the auditorium as auxiliary guards. People carrying suitcases and other possible containers of bombs were stopped by the police, that their luggage might be searched before they entered the hall.

The meeting, called by the Chamber of Commerce, was one of the most remarkable gatherings ever held in San Francisco. Resolutions were passed demanding that the law be enforced, and by its spirit indicating that the law-abiding citizens can do it the people will.

SEEKING FOR MOONEY

With several bomb suspects under arrest and Mrs. Belle Lavin held for examination, police today sent requests for the country for the detention of Thomas Mooney, who, they believe, may give them further information regarding the bomb outrage here which has already cost nine lives.

Such close secrecy has been maintained regarding the activities of the special bomb squad of the department that the police will not even admit that Warren K. Billings is under arrest, although from other sources it is known that he is. Billings, who has served a term in Folsom prison for carrying dynamite on a street car, was taken into custody at Lane hospital when he appeared at the free clinic there for treatment.

No newspaper men have been permitted to see him and a "sealed" which was begun yesterday continued today.

Immediately after Billings' arrest, police hurried to the lodging home of Mrs. Belle Lavin, 2410 Mission street, where Billings roomed, searched his room and took Mrs. Lavin into custody. This was the house at which M. A. Schmidt and James B. McNamara stayed when they plotted the dynamite explosion of the Los Angeles Times building six years ago. At that time Mrs. Lavin was detained. She was cross-examined at length today.

CARTRIDGES ARE FOUND

The search of Billings' room disclosed two hundred and twenty cartridges of .22 and .32 caliber hidden in a tin box. According to the police these coincide with bullets picked up near Stewart and Market streets Saturday night after the bomb explosion. An automatic pistol was also found in the room.

The latest bomb theory of the police, it was stated today, is that the infernal machine was exploded in an effort to kill the main representative of the United Railroads who were marching in the parade. Mooney, who recently attempted to start a strike of United Railroads platform men, is the person in the mind of the police who is believed to have been used in Saturday's infernal machine. He was unable to identify Billings as one of the two men.

With the passing last night of Thomas H. Turnbull, the death list as the result of the explosion was brought up to nine. All of the injured persons are progressing favorably and it is not believed further deaths will result.

POLICE JAIL NEW MEN IN BOMB PLOT

One of Latest Suspects
Said to Be Labor
Leader

(Continued From Page 1)

for and said positively that he thought the men were closing in on the cutting.

"There is no question but that we are on the right trail. You can see that we are closing in on the gang," he said. "There will be more arrests I hope today, and before long we will have all the evidence we need."

Matheson was up all night. He caught cold in his throat in the process and cannot speak above a whisper. He delegated to Sergeant Gough the duty of explaining in detail what he hoped would happen today.

In the first place the police are expecting any moment word of the capture of Mooney. Second they believe that the remaining members of the dynamite gang are still in San Francisco and believe they have two of them under surveillance.

HOPE FOR CONFESSION.

Third, they are hopeful of making either Weinberg or Billings confess. Billings they refer to as a hard man who has been through the hands of police grueling before and who has thus far refused to waver, though the thumb screws have been tightened upon him. He was given an opportunity of sleeping after 9 a. m., but seemed restless and paced his cell instead. He will be given another session in the sweat box today.

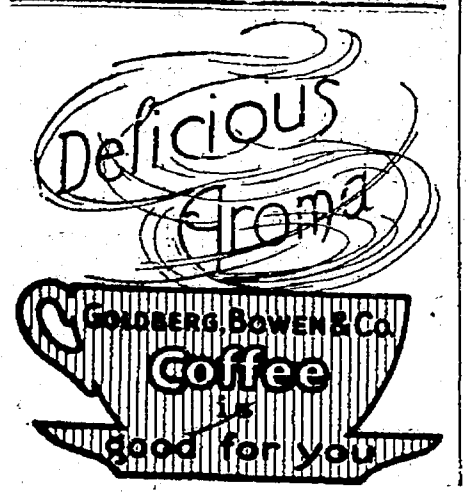

Although the greatest secrecy is being maintained as to how the clue leading to the important capture of Billings in the Lane clinic yesterday afternoon, is being guarded by the police, it is believed the explanation was found this morning at the Stuart and Market streets, on the day of the outrage, a policeman took occasion to push back into line a man answering the description of Billings. The officer was a bit rough and the man was heard to say:

"Brothers, if there are any of you here, be warned and flee. In ten minutes there will be nothing left of this place. There is enough dynamite here to blow you all to eternity. I am going and you better go too."

SIGHTED BY MECHANIC.

A tall, meek, whose head projected above others in the crowd saw the speaker and the nothing left of this place. There is enough dynamite here to blow you all to eternity. I am going and you better go too."

Thomas Mooney and his wife Rena, who agitated for the car strike and who were arrested for passing out dodgers, are scheduled to come to trial next month before Police Judge Fitzpatrick. According to the evidence, Mrs. Mooney was not wanted as a dynamite conspirator, although later evidence may connect her. The police are anxious to question her, however, and are resolved to catch Mooney. The

fact that he was not shadowed and was allowed to get out of town is deplored by Chief of Police White.

SUSPECTS BILLINGS.

Chief of Police White this morning, intimating his belief that it was Billings who actually placed the suitcase containing the bomb. White would not make a positive statement, but indicated that was the theory upon which the police would act. District Attorney Pickert when asked if he believed Billings placed the bomb, said: "If I were making a guess I would guess that way, but you must not ask me any more."

Pickert was interrogated as to whether confessions had been made either by Weinberg or by the mysterious third man in custody.

"We don't need any confessions," he replied. "We have the evidence. We may get a statement, but we are now in the position where we do not need it."

The police today raided the residence of Thomas Mooney and his personal belongings and papers, including a motorcycle. The location of the premises raided was kept secret.

"Mooney departed very hurriedly Saturday," said Matheson. "Everything was left in disorder. It is a coincidence that he should have quit San Francisco so soon after the bomb exploded."

TIED TO OTHER EXPLOSION.

It is declared that the police have information leading them to believe there is connection between the individuals behind the latest outrage and the dynamiting of the towers at Carquinez straits, a supposed attempt to blow up a Sacramento power plant some years ago and a bomb which exploded several weeks ago in San Mateo county.

The police are paying attention to notebooks and papers which they say were found in the rooms vacated by Mooney.

CITIZENS SWELL FUND FOR RELIEF

Bay Communities Collect Coin
to Aid Families of
Victims.

ALAMEDA, July 27.—Mrs. George G. Lawlor and her two children, Kathryn and Billie, on whose behalf the fund was started by bay communities, have gone to Ross Valley, in Marin county, for rest and seclusion following the shock of the tragedy which robbed them of husband and father. Immediately after the funeral services, which were held in San Francisco on Tuesday, the bereaved family accepted the offer of a friend of a cottage in the country.

Mrs. Lawlor plans to return to this city as soon as she rallied from the nervous shock and recovered sufficiently to plan out the future for herself and her two little ones. Offers of work have already been made and the directors of the Alameda Savings Bank have guaranteed the rent of a flat for her until such time, as she can become established. A fund amounting to more than \$250 has been subscribed for her and other subscriptions have been promised.

The Alameda Chamber of Commerce is busy with plans for a relief fund which will either be devoted entirely to the needs of relatives of Alameda victims of the explosion, or merged with the general relief measures planned by San Francisco.

BERKELEY, July 27.—The appeal of Mayor Samuel C. Irving for aid for the family of Captain Reuben L. Vaughan, who lost his life as a result of the explosion which started the world in San Francisco last Saturday, has found ready response, over \$100 being subscribed this morning.

The mayor headed the list with a \$25 contribution. Mrs. E. A. Kirkpatrick and Mary Kirkpatrick added \$25 each and the contributions of others brought the amount up to \$114.

Vaughan's funeral was held this morning from St. Augustine's church, Dana street and Alcatraz avenue, Rey. Father Butler saying a solemn requiem high mass for the repose of his soul. Many beautiful floral offerings were sent to the church and many Berkeleyans who knew Captain Vaughan attended the service.

The family of the captain is being cared for by friends and donations of food and money have come to the little household since the knowledge of the family's plight became known.

Offers of positions when she recovers from her grief and prostration have been made, to the widow and it is thought that with the aid of Amelia Bennett, the 18-year-old foster daughter of the household, the little family may be kept intact.

SAN FRANCISCO, July 27.—A relief fund for the destitute through the bomb outrage last Saturday has reached the sum of \$4589 and subscriptions are expected to double that amount soon. Mayor Billings headed the list with \$250, the Chamber of Commerce gave \$1000, Mrs. William G. Irwin \$2000, F. J. Koster \$250, Retail Dry Goods Association \$250, California Round-Up Association of San Jose \$250, Knights of the Royal Arch \$250 and Meyer Clark \$100, while smaller amounts sent in by citizens swelled the total.

Mooney Four Times on Trial

Thomas J. Mooney, who has disappeared from San Francisco with his wife, Rena Mooney, and who was sought by the police in the belief that he was one of the perpetrators of the bomb outrage, was arrested July 13 for attempting to incite the platform men of the United Brotherhood of Carpenters and Joiners of America to strike. He and his wife were both arrested and held for distributing handbills of a seditious character. On the following evening an attempt was made to blow up the United Brotherhood building and Mrs. Mooney, who was with him, was again arrested, this time for disturbing the peace.

Mooney's previous police record dates from December 27, 1913, when he was arrested in Contra Costa county with two companions in connection with the discovery of Point San Pablo of a boat containing a bomb and high explosives. The vessel was caps and fuses, nitroglycerine and gun cotton, a shotgun, a rifle with a Maxim silencer, several revolvers and a quantity of tools, lanterns and other paraphernalia.

The officers who watched the boat after its discovery were rewarded by the approach of Mooney, accompanied by Joe Brown and H. G. Hanlon. The three men were placed under arrest and charged with transporting explosives contrary to law. Mooney was tried four times on this charge and a similar one in Sacramento. Two juries disagreed as to his guilt and two acquitted him, the last in Martinez on June 19, 1914.

In a raid made last night by detectives on the rooms of Mrs. Mooney, who taught music in the Studio building at 975 Market street, important evidence is said to have been found. According to District Attorney Pickert, the Mooneys belong to an organized group of dynamiters, contained in a notebook discovered in the studio, containing records of explosives stolen from quarries in the Berkeley region and of structures dynamited.

Jitney Driver Held by Police

SAN FRANCISCO, July 27.—Israel Weinberg, the jitney bus driver who was arrested yesterday, is held on suspicion that he has knowledge of the dynamite plot and that he drove away Thomas Mooney and his wife Rena, who are being sought by the police.

According to the statements of bystanders, Weinberg was seen running from the scene of the explosion and entering the headquarters of the dynamite operators' union on the Embarcadero by a rear door which is diagonally opposite the spot where the bomb was placed at Stewart and Market streets. By tracing his motor vehicle number, the police easily located him on Fillmore street and locked him up.

Weinberg denies that he was at the scene of the outrage or that he ran away. He also denied all knowledge of the whereabouts of Mooney and his wife on the day of the preparation made and declares that he had not seen them.

BRITISH SEIZE MAILS. BERLIN, July 27.—British authorities at Kirkwall, says the Overseas News Agency, have taken the mail from the steamship Gills, bound from Rotterdam for India, and the steamship Nordam, bound from Rotterdam for New York.

SACRAMENTO ASKS CREDIT FOR CLEW

Chief of Police Declares That
He Gave First Information
About Thomas Mooney.

SACRAMENTO, July 27.—Credit for the arrest, by the San Francisco police, of W. K. Billings for complicity in the San Francisco bomb outrage, resulting in the death of Chief of Police Conran, is due Chief of Police M. Conran of this city and the local detective force.

Last Monday, two days after the explosion, Chief Conran sent to Chief White of San Francisco a letter suggesting that Billings and Thomas Mooney, for whom the police of the bay now are searching, might have been implicated in the plot.

Chief White's announcement Tuesday night that he had the guilty parties almost within his grasp undoubtedly followed the receipt of Chief Conran's communication. Immediately after news of the tragedy had been received here, Captain Arthur Ryan and Detective Balz went to work on the theory that Billings was involved in the plot. The suspect was traced to San Francisco and Chief Conran and Sergeant Malley working in conjunction with the detectives, obtained a clew to Billings' whereabouts by the way following the explosion. All information, together with photographs, at once was despatched to Chief White of San Francisco.

Prison Record Behind Billings

Warren K. Billings, alias Thomas E. Harris, the dynamite suspect, is 22 years of age and a native of Middletown, N. Y. He is a shoe-cutter by trade and an orphan.

He first came to the attention of the police in San Francisco when he was arrested April 22, 1913, on a charge of assault with intent to commit murder on complaint of H. H. Somers, of 325 Hearst avenue, foreman of the Helman & Frank Shoe Company's factory at Eighteenth and Bryant streets. He was carrying a suitcase containing 50 sticks of dynamite, four rolls of wire, detonating caps, a loaded revolver and a Jimmy, when he was arrested on a G-street car. He was held in the city jail at the time of the strike among the linemen of the Pacific Gas & Electric Company when several attempts were made to dynamite powerhouses and transmission towers.

Four other men, including Thomas J. Mooney, who attempted two weeks ago to inaugurate a strike among the platform men of the United Railroads, were arrested a few days later in Contra Costa county.

Billings was sentenced to two years in Folsom and was received there, according to the records of the State Board of Prison Directors, December 2, 1913. In June, 1914, after serving a year he was taken to Sacramento to testify for the state in the trial of Mooney. His refusal to answer all questions led to his serving a sentence of 100 days in the Sacramento jail, although he was still technically a prisoner in Folsom. Mooney and the three men arrested with him were released because sufficient evidence could not be secured against him.

Billings was paroled December 22, 1914, in the custody of David Milder, a tailor, whose place of business was then at 1384 Sutter street, and made his home with Mrs. Milder, at 1384 Franklin street. He worked in Milder's shop for several months as a cleaner and presser. After leaving this place of employment he worked for the Ford Motor company until April 17, 1915. His last address in the possession of the parole board is 3517 Twentieth street.

Billings' Folsom sentence expired August 1, 1915. He received his release of parole from the prison directors. According to the police records of Sacramento he was again arrested in that city February 10, 1916, while crawling across an alley in the heart of the business section with a clew in his possession. He was sent out of town on February 14 under a six months' suspended sentence.

Woman Used to Cast of Tragedy

SAN FRANCISCO, July 27.—The shadow of tragedy and crime has fallen before upon the house at 2410 Mission street, where Warren K. Billings lived and where Mrs. Belle Levin was arrested yesterday in connection with the bomb outrage. Seven years ago Mrs. Levin's husband murdered J. P. Sarman and cut his own throat in the presence of his wife in this dwelling of sinister memories.

George Levin was a furniture salesman and resided with his wife at 2410 Mission street. Early in the year 1907 Sarman, who was a bartender employed in a nearby saloon, became a boarder in the home. A few weeks after the entry of Sarman into the home Levin was arrested him of paying undue attentions to his wife. A violent quarrel occurred between the two men in the presence of Mrs. Levin, and at its conclusion Levin shot and killed Sarman and cut his own throat from ear to ear.

The widow continued to make her home in the same house and renter for lodgers. Two years later Matthew A. Schmidt was arrested in his room there for complicity in the dynamiting of the Los Angeles Times building. Mrs. Levin was also detained as a witness and taken to Los Angeles for the trial of Schmidt. She admitted that she was present in the building, but maintained that she knew nothing about Schmidt's activities in connection with the Times plot.

According to Mrs. Levin with the Marnara brothers, sentenced for the Times outrage, were found in her rooms yesterday by the police, together with other documents the nature of which has not been divulged.

TRAIN KILLS TWO.

LOS ANGELES, July 27.—Driving directly on the tracks before the speeding Southern Pacific train No. 28 Los Angeles bound today, R. R. Sandusky, 62, of Pacoima, and his young grandson were instantly killed.

Think Ryan Is Threat Author

In the person of Thomas J. Ryan, a restaurant picket, the police believe they have under arrest the man who wrote threatening letters to the newspapers, warning marchers in the preparedness parade against taking part, and the possible author of the hundreds of postcards which were sent to prominent people prior to the parade. He was apprehended last night at the Waiters' Union headquarters, Seventh and Market streets.

The arrest was made on information by Mrs. Grace Rollins, cashier of a lunch place on Market street. Ryan had been stationed as a picket before this restaurant for a month, and Mrs. Rollins had heard him make day after day the same remarks about hypothetical patriots crying for war.

She recognized the phrase in the warning letters which were printed and informed the police of her suspicion that Ryan was the author of the missives.

When Ryan was asked last night to write out a few lines suggested by Detective William A. Mundell and Sergeant Charles Goff, they say he misapplied the word "hypocritical" in the identical manner in which it was misapplied in the warning letters.

Police Warned From San Jose

SAN JOSE, July 27.—A threatening letter regarding the San Francisco bomb outrage, mailed in San Jose at 8 o'clock last night, was received today by Chief of Police Ben M. Fuller. It reads:

"To Whom It May Concern—You, the police of San Francisco, have the wrong victims as suspects of the machine murders. Beware! You may get another."

"CURLY HEADED CROOK," "SAN FRANCISCO (CALIF.) KID."

ARMY BILL HUGE SUM FOR TROOPS

U. S. Passes Greatest Appropriation of Kind

WASHINGTON, July 27.—The great army appropriation bill, calling for a total of \$312,000,000 passed the Senate today without a record vote. With one exception, the bill is the largest military budget ever approved in time of peace by any nation. The exception is the \$390,000,000 appropriation by Russia in 1914-15, providing for 5,000,000 soldiers.

FOLLOWS NAVY BILL.
The army bill follows close on the largest navy bill, \$315,000,000, ever authorized by any nation. The total of the two is \$627,000,000, the world's greatest peace-time war bill.

Fights are expected in the House against both bills. House Leader Kitchin has announced they will never become law with his consent. Chairman Hay, whose voice has been dominant in the House on military affairs, said there would not be the same opposition to this bill there has been to other military bills this session.

Among novel features of the bill are enlarged appropriations for United States military observers who are taking lessons in war in the European trenches and an appropriation for a council of national defense. This latter is to consist of six civilians and six navy and army men, to cooperate in preparing and mobilizing the nation industrially for war. The bill provides \$13,281,660 for airships.

HIGHER PAY.
Large increases were required for higher pay and numerous new privileges for the state militia. Some of the items follow:

Extra pay for officers in foreign service, House, \$250,000; Senate, \$318,340.
Extra pay for enlisted men in foreign service, House, \$300,000; Senate, \$11,000,000.
Substance and supplies, House, \$31,700,000; Senate, \$32,250,000.
Transportation, House, \$12,000,000; Senate, \$25,000,000.
Clothing, House, \$12,000,000; Senate, \$20,280,000.
Medical, House, \$2,000,000; Senate, \$4,500,000.
Reserve ammunition, House, \$4,500,000; Senate, \$12,775,000.
Small arms target practice, House, \$1,200,000; Senate, \$3,494,000.
Ordnance, House, \$6,000,000; Senate, \$11,000,000.
Machine guns regular army, House, \$3,000,000; Senate, \$1,725,000.
Machine guns, National Guard, House, \$2,000,000; Senate, \$6,596,150.
Armored motor cars, House, \$300,000; Senate, \$1,000,000.
Field artillery for National Guard and ammunition, House, \$16,000,000; Senate, \$28,200,000.
Totals of bills: House, \$182,308,356; Senate, \$313,790,447.

War Boosts Price of Shoe Leather

CHICAGO, July 27.—Evidence of how the European war is pinching tender American toes and pocketbooks was shown here today at the closing session of the Illinois Shoe Retailers' Association. O. L. Triebel Jr., of Springfield, secretary, declared prices for shoes have jumped 20 to 40 per cent during the last year and it is up to the consumer to pay the price. Demand for leather for shoes for the European armies caused the advance.

Preparedness Puts Friends Asunder Spreckels and Hooper Are at Outs Split-Up in the First National Board

SAN FRANCISCO, July 27.—Saturday's bomb outrage coming as it did upon the heels of Thursday's anti-preparedness meeting, championed by Rudolph Spreckels, has led to a rupture in the directorate of the First National Bank. John A. Hooper, million-bank lumberman and preparedness advocate, has resigned. Not only has Hooper, and Spreckels disagreed, but the merchant has sold all of his stock in the bank of which Spreckels is president and makes no bones of the reason therefor.

Rumor had it that it was because of Spreckels' opposition to a subscription of \$10,000 made up by the bank for the fund of the Law and Order Committee of the Chamber of Commerce that led to Hooper's resignation. This, however, the lumberman denies, and this morning he gave a detailed explanation of the cause leading up to the disagreement.

"I have disposed of my stock and all of my interest in the First National Bank, and con-

sequently have resigned from the board of directors," he said. "My chief reason for so doing was the part Spreckels played in last Thursday's anti-preparedness meeting. It is true that I opposed the ground taken by Spreckels in connection with the \$10,000 subscription by the bank to the Law and Order Committee, but that was not the reason for my resignation or for my selling my stock in the bank."

"I am in favor of preparedness and I am also for law and order. Mr. Spreckels had a perfect right as a director to object to the \$10,000 subscription, and although I opposed him and his position on that matter, he had a right to express his views and raise his voice in objection if he so desired. It was Thursday's demonstration that caused my resignation."

Spreckels' motion to cancel the subscription to the Chamber of Commerce was voted down by a majority of the board, and the whole affair has become the talk of the financial district.

OAKLAND TO HAVE FISHERMEN'S PIER

Trawlers Will Dock Soon at Well Appointed New Wharf on Estuary.

Oakland will have a fishermen's wharf with steam trawlers laden with a variety of fish arriving direct from the trawling grounds outside the Golden Gate and bury fishermen in their picturesque fishing yaws scudding up the estuary in a race to be first in the market.

Three large fish companies will join in building a wharf at which deep-sea fishermen will land their catches daily. With Oakland's superior transportation service, local fish companies are confident this city will be one of the largest shippers of fresh fish on the Pacific Coast.

A Paladine, a pioneer wholesale fish merchant, who is building new headquarters at Washington and Fifth streets, will have several of his largest steam trawlers come direct to Oakland from the fishing grounds. These trawlers travel for deep-sea fish, returning to port daily. Paladine is the largest fish dealer on the Pacific Coast and started the fresh fish business in San Francisco in 1863. At present the fish are brought to San Francisco and are sent to Oakland by team in the ferry steamers.

The headquarters of the companies engaged in the fresh fish business in Oakland will be located in one section of the city. Paladine's new location is the Independent Fish Company and the Western Fish Company. These three companies are planning to combine in constructing a fishermen's wharf.

Tahiti Prince Dies; Was Noted in Paris

HONOLULU, July 27.—Mail advices reaching here today from Papeete, Tahiti, a French possession in the South Sea Islands, announce the death of Prince Hinoi, aged 46. He was buried in the royal mausoleum at Ahutoru. Prince Hinoi was a justice of the native supreme court and a member of the Legion of Honor of France.

Ambassador Page and Wife at Rome

ROME, July 27.—Thomas Nelson Page, U. S. Ambassador, and Mrs. Page arrived in Rome today. Ambassador Page has been in the United States for the last two months on leave of absence.

TELLS U. S. COURT OF BABY THEFT

Nurse Confesses Deed in Matters Case When Real Mother Seeks Infant.

CHICAGO, July 27.—Another thrill was injected into the famous Matters baby case here today when Miss Marie Besrosiers, nurse at the misercordia hospital, Ottawa, told of an alleged kidnapping of the baby from the side of its mother while the latter slept.

Testifying in Federal Judge Landis' court, where Miss "Margaret Bryan," an Indian county girl, and Mrs. Annie Dallas Ledgerwood Matters, wealthy widow of Fred Matters, Ariz., moving picture magnate, both claim to be the mother of the child, Miss Besrosiers told of taking Baby Irene from the side of "Margaret," pledged war bride of the village blacksmith in her home town, and placing it beside Mrs. Matters. Mrs. Matters, she said, had wanted to adopt a healthy baby, but didn't want any one to know it wasn't her own.

The case came before Judge Landis when Miss "Bryan" filed suit for a writ of habeas corpus to have Mrs. Matters show cause why the child should not be given back to her. Mrs. Matters was recently acquitted of conspiring to foist Baby Matters on the estate of her husband. She will be tried July 31 on a perjury charge in connection with probate court records in the case. The probate court ruled against Mrs. Matters.

Divorce Decrees Are Awarded by Court

Mrs. Mary E. Shepherd was granted an interlocutory decree of divorce today in the Superior Court from William C. Shepherd, alleging desertion. Edna Carlson was granted a decree from Anthony Carlson on the same charge, and Charles Crawford, alleging extreme cruelty, was granted a separation from Loula Crawford. A final decree was granted George W. Van Deventer from Mary Van Deventer.

SCOTCH CAUSES DEATH

LONDON, July 27.—Blood poisoning from a scratch from a society farwell party was the cause of death to Cyrus Cuneo, the American artist, according to medical testimony at an inquest held here.

COUNTY UNABLE TO OFFER REWARD

District Attorney's Aide Gives Opinion on Bomb Plot Fund.

That this county may legally care for the families of the victims of the bomb outrage at the Preparedness Parade was learned today when Deputy District Attorney T. P. Wittschen reported on the matter before the board of supervisors. The county, it was declared, cannot offer a reward for the arrest of the bomb plotters, but legal provision can be made for the families of the victims without seeking state aid.

Wittschen informed the supervisors that there is no statute which would permit the board to offer the reward as suggested by Supervisor Mullins last Monday.

At the same time the board was handed a communication which was written by Deputy Wittschen to the State Board of Control in reply to an inquiry seeking information as to what the county is doing toward affording relief to the soldiers' families. The letter stated that the county will be able to handle any needy cases through the public subscription that have been made to the committee of the Chamber of Commerce and through the county organized charity institutions.

While the County Exposition Commission asked \$2500 for placing an exhibit at the State Fair to be held in Sacramento September 2 to 9 inclusive, the board allowed only \$1500. In granting the money the proper resolution was drawn and adopted as well as being certified correct as to form by Deputy District Attorney Wittschen. When the money is spent the commission will be able to collect without going through mandamus proceedings.

British Deny Turkish Victory Assertion

LONDON, July 27.—A British official statement was issued today denying Turkish official report of July 26 that British cavalry forces in the vicinity of Suez Canal had been dispersed. The statement follows:

The commander-in-chief in Egypt reports: "It is stated by the German wireless that our cavalry has been driven back at Romani and Katia. Our cavalry is in occupation of Katia, and nowhere has been driven back. Complete superiority over the enemy has been established by both British and Turkish reconnaissance and driving in his covering parties at will."

"The enemy has not even ventured to press any reconnaissance in our direction. The Turkish forces at Oghratina dare not advance from that place and no Turk has been near Romani."

The Turkish official statement referred to said:

"West and southwest of Katia, our troops, advancing toward the canal, dispersed cavalry forces, inflicting losses upon them. From their headwear it was ascertained that they were Australians."

Delegation Urges Street Paving

Asking the city council to overrule any protests against the improvement of Seventy-fifth avenue, between East Fourth and Snell streets, members of the Fitchburg Social and Improvement Club spoke before the body this morning. Property owners on the street, who controlled 3400 feet frontage out of a total 6400, protested the improvement. Many residents of the street, however, represented by Harry Boyle of the school board and other speakers, spoke for the paving.

Boyle said in his address to the council that the street had been paved in 1870-76 years ago and that other members of the improvement club and residents of the street, however, reprior paving. Boyle claimed that delivery wagons found it impossible to get to houses in the winter time, because of the mud and water. Arguments arose and against were heard, and the matter was put over until Monday when final action will be taken.

British Titles to Be Taken From Germans

LONDON, July 27.—According to the Daily Mail, it is expected that Premier Asquith will announce in the House of Commons today that three Germans who hold British titles of nobility are to be deprived of their British honors. They are the Duke of Albany, the Duke of Cumberland and Prince Albert of Schleswig-Holstein. The Duke of Albany, who is the Duke of Cumberland in line for succession to the British throne, although remotely.

Dog Which Bit Child Fugitive

The city pound authorities have been instructed to capture and hold for observation the vicious dog which bit Giles McHugh of 5326 Claremont avenue. McHugh will probably be under a physician's direction for some time, until it is definitely proven that the animal, causing the wound, is not a victim of rabies. McHugh was bitten by the dog, the owners of which are yet unknown. The animal was in charge of J. Kenny, 475 Fifty-eighth street, in the absence of the owners.

Advertising Bureau to Hold Session

The Advertising Bureau of the Oakland Chamber of Commerce will hold a meeting tonight at the Hotel Oakland club rooms. Committees for the convention of the Pacific Coast Advertising Men's Association in June, 1917, are to be organized as well as for the Ad-Masque, which is to be given in February, 1917.

SHORT OF SIGNATURES.
William Strobbach, candidate of the Socialists for the office now held by Supervisor John P. Mullins in the fifth district, will not be able to run for the nomination, as County Clerk Gross today certified that his nominating petition lacked twenty-one signatures of being sufficient.

TAKEN TO PRISON.
John Weasley Clark, disciple of "Prophet" Joshua Sykes of Berkeley, and sentenced to six years in San Quentin on charges of burglary, a 15-year-old Lillian Dean of Berkeley, was taken to the penitentiary this morning. Deputy Sheriff Eugene Stachler had charge of the prisoner.

STORY OF DESERT TOLD IN MOVIES

Peter B. Kyne's "Three Godfathers" Shown at Broadway.

"The Three Godfathers," a tale of the dance-hall girl of "Trade Rat," shown at the Broadway for the rest of the week, is a story of a young and penniless orphan who suffers a breakdown while working in a fruit cannery. In the search for work she answers an advertisement for a waitress in a restaurant in the mining camp of "Trade Rat." The advertisement proves to be a lure inserted to secure inmates for a dance-hall. Through straightened circumstances the girl is forced to accept this position. She makes the acquaintance of a cowpuncher who proves to be an ex-convict. Several thrilling scenes are shown in the dance halls, both in "Trade Rat" and at New Jerusalem, to which camp she later migrates, and also a sandstorm in the desert is shown.

The character of the dance-hall girl is portrayed by Stella Razeto. Her particular type of dance beauty is easily adapted to this class of character. Harry Carey, the pride of the plains, plays opposite Miss Razeto as the gunman and desperado. This picture will run at the Broadway theater for the balance of the week.

Victim of Plot, Claims Suspect Youth Held for Girl's Death Says 'Decoyed'

OLNEY, Ill., July 27.—Interest in the case of Roy Hinton, held by the grand jury without bail for the alleged murder of Elizabeth Ratcliffe, today centered about the effort of relatives and friends to secure his release on bond.

State's Attorney Morris is making every effort to forestall such a move, in the fear that a public hearing of the evidence would disclose many points which the State desires to keep under cover until the trial.

at New Jerusalem, to which camp she later migrates, and also a sandstorm in the desert is shown. The character of the dance-hall girl is portrayed by Stella Razeto. Her particular type of dance beauty is easily adapted to this class of character. Harry Carey, the pride of the plains, plays opposite Miss Razeto as the gunman and desperado. This picture will run at the Broadway theater for the balance of the week.

This picture will run at the Broadway theater for the balance of the week.

200 MEXICANS MADE HOMELESS

Lamp Upsets at Dance; Mexican Quarter of Town Burns.

GLOBE, Ariz., July 27.—More than 200 Mexicans were made homeless by a fire which broke out in the Mexican quarter of Miami, Ariz., last night, according to advices which were received here. The fire was under control at midnight after about fifty small buildings and stores had been destroyed.

Firemen were waiting for the ruins to cool to begin a search for possible victims. Some children were reported missing. The fire was said to have been started by the overturning of a lamp at a dance in one of the Mexican houses. Property loss will be comparatively small, as the houses were little more than shacks.

MRS. STOCKER IN NARROW ESCAPE

Loses Gems in Fight for Life
in Pleasure Yacht; Is
Injured.

ATLANTIC CITY, N. J., July 27.—Mrs. Clara Baldwin Stocker, daughter of "Lucky" Baldwin, narrowly escaped death here last evening when her yacht California grounded and lost its anchor. Mrs. Stocker was thrown against the dock rail and injured. One of the crew saved her from going overboard, but she lost a diamond valued at \$2000.

Life guards and a volunteer crew from the Atlantic City life-saving station went to the yacht's assistance. Mrs. Stocker was taken in a lifeboat and brought ashore.

The accident was the last of a series that marked the cruise beginning from San Francisco last June. The vessel caught fire in the Gulf of Mexico and was held up three times at night and inspected with searchlights by British warships searching the coast for the submarine liner Deutschland.

Girl's Clothes Taken to Police Woman Says Niece Is Out With Boys

CHICO, July 27.—Mrs. Louise Freeman packed the effects of her 15-year-old niece, Marie Rollins, in a suit-case and left them at the police station, declaring that the girl refused to obey her, and that she would have nothing further to do with her.

Mrs. Freeman told the police that her niece brought the Freeman children, aged 7, 9 and 10 years, from the P. M. Rooney hop ranch at the Sacramento river to Chico last night, met some boy friends, and then left the children to go home in a buggy by themselves. Probation Officer C. S. Cline has taken charge of the affair.

COLLEGE HEAD NAMED.
NEW YORK, July 27.—Dr. Franklin Chambers McLean of this city has been appointed head of Union Medical College in Peking, China. It was announced last night by the China Medical Board of the Rockefeller Foundation. Dr. McLean, now on his way to the Orient, after an inspection trip, will return to the United States and select his staff. Dr. McLean is a graduate of the University of Chicago and Rush Medical College and had been assistant resident physician in the hospital of the Rockefeller Institute.

FAMILY OF DEAD RULER TO DEPART

Sons and Daughters of Late
Yuan to Obey Final
Decree.

PEKING, July 27.—In accordance with the late President Yuan Shi Kai's final instructions, sons and daughters of the dead ruler are preparing today to be sent to many widely separated places in charge of government officials.

Before his death Yuan directed that his eldest, second and third sons and all his daughters and concubines should return to his native place to be cared for by Yuan Shi-fu, his fifth youngest brother.

His fourth, fifth, sixth and seventh sons were ordered sent to England, in charge of Yen Hsiu, former minister of education, for their schooling. His four youngest sons were entrusted to the care of Hsu Shihchang, former secretary of state. Several weeks having elapsed since the death of the ruler, the tension at foreign legations here is decreased and fear that a disturbance similar to the Boxer war might be imminent has been dissipated.

For some time after Yuan's death foreigners believed danger near. At several of the legations, entrenchments were thrown up, machine guns placed at advantageous positions and large stores of food prepared for a siege.

ATHLETIC EVENTS INTEREST CAMP

But Field Operations in Detail
Will Precede Day of
Games.

U. S. MILITARY TRAINING CAMP, MONTEREY, July 27.—Outside of a tremendous amount of military work that will require the civilians who are here learning to be soldiers to work overtime, next week, the final week of camp, is going to be marked by a large number of athletic events to which scores of fine athletes enrolled here are looking forward to eagerly.

Baseball, tennis, track and field events will be run off in as great numbers as time will allow, and some splendid trophies have been donated for the various events in the form of silver cups.

Next Sunday there will be a rifle contest for four really magnificent silver loving cups at the Monterey Presidio rifle range, teams consisting of ten men from each company who have made the highest scores on the range in preliminary work competing. The program for the shoot will be as follows: At 200 yards, five shots standing, slow fire; five shots sitting or kneeling, slow fire, and five shots standing, rapid fire. At 300 yards, five shots sitting or kneeling, slow fire; five shots, prone, slow fire, and five shots sitting, rapid fire. At 600 yards, ten shots prone at slow fire and at 600 yards ten shots prone at slow fire.

Vocational High to Hold Examinations

Vocational High School, at Twelfth and Market streets, will be open for registration of students tomorrow from 9 until 3 and Saturday, July 29, from 9 until 12. Examination for entrance to the High School will be held Saturday morning at 10 o'clock. Several new courses will be offered next term. Heretofore the only work offered to high school girls was dressmaking and millinery. Beginning

next term a full high school course will be given to girls, including both academic and vocational work.

The course will include English, history, accounting, music, drawing and design, general science, household chemistry, hygiene and dressmaking, millinery or home economics, thus permitting the girl to prepare for home-making or trade work, or both. Completing this course entitles the student to a high school diploma. Patternmaking is a new course which will be offered to boys next term. The rapid growth of the school has limited the number of new pupils which may be admitted next term. Pupils desiring to enter are advised to apply early.

Railroad Employes Official Jail-goer

GUAYMAS, Mex., July 27.—Mangle Gonzales of Guaymas used to make his living by going to jail for a railroad company. Every time the railroad offended Mexican justice Gonzales was arrested by the authorities, bailed out by the railroad, and his fine paid by them. This was done to prevent the arrest of employes whose time was too valuable to spend in jail.

EDITORIAL

New families are coming into Oakland every day. As a rule these new arrivals do not know where to shop, and have many disappointing experiences as a consequence.

Why would it not be a favor to them to tell them about our store? We have been in business in Oakland for more than 40 years. You know that you can recommend us with confidence and that they will find our prices right.

You know they will be treated courteously and that their first visit will result in their continued patronage. You may, perhaps, know some one who is thus unacquainted. They may be paying too much for the very goods we carry or may be getting inferior qualities.

We want to keep every present resident of Oakland in Oakland for always, so let all of us old-timers get in and help make it pleasant for the late arrivals.

ALBUMS FOR YOUR SNAP SHOTS

What do you do with your kodak prints?

Do you leave them scattered around, or are they all nicely pasted in albums?

We have the albums from 25c up. You want to keep your pictures, but we don't care particularly about keeping the albums.

PRESCRIPTION TRADE STILL KEEPS GROWING

"You must do a big prescription business," said a customer recently. "Every time I come into the store I notice three or four people waiting for prescriptions."

We do enjoy a big prescription trade. People who keep records of such business have told us that there is only one other drug store in the U. S. doing as large a prescription business as Bowman's.

And yet Oakland is one of the healthiest cities in the world and no doubt our physicians average fewer prescriptions than is the case in most cities.

The fact is that nearly everyone in Oakland with a prescription to fill comes direct to us. They know they'll get the best and freshest drugs, the lowest prices consistent with the quality and the most accurate, careful service.

If you ask almost any physician he will say: "Oh, you'd better take it to Bowman's. You're safe there."

KEEP UP YOUR FIGHT AGAINST THE ANT PEST

Again we warn you against Argentine ants and advise that you and your neighbors get together in a systematic fight to eradicate this pest.

In tests made by the scientists of the University of California in East Oakland and Berkeley it was determined that Argentine Ant Poison properly put out was the most effective of all destroyers.

It was also agreed that a superficial effort to kill them off was useless and that everyone in each neighborhood should do their part by putting out Argentine Ant Poison in cans or bags upon sponges as directed.

These ants do not form ant-hills like the black ant, but they keep spreading out by the formation of new colonies. When a colony becomes overcrowded a few of them start a new settlement.

Therefore it is necessary to get at them from all sides and make a systematic out of doors fight. We have everything necessary.

A NEW DOCTOR WANTS TO HANG UP HIS SHINGLE

We are thinking of hanging up our sign "Dr. Waterman, Specialist."

Dr. Waterman's specialty is fixing up old broken-down fountain pens. In so much as we are Waterman agents, and as we sell about 10 Watermans to 1 of other kinds, we appropriate the name Doctor Waterman.

We have been told that we were the greatest collectors of old dilapidated fountain pens on the coast, and we are probably guilty as charged.

You see we accept, in trade for new Watermans, as part cash, any old fountain pen anyone presents. The result is that almost every one who wants to save a dollar or so digs up an old fountain pen and presents it when in the market for a new Waterman.

We will be glad to talk fountain pens with you at any time. Old Doc Waterman diagnoses all serious cases.

Native Daughters to Dance Tonight

Claremont Parlor No. 240, N. S. G. W., in conjunction with Argonaut Parlor No. 168, N. D. G. W., will hold a joint public installation and dance in Golden Gate Hall, Fifty-seventh and San Pablo avenue, this evening at 8:30 o'clock.

As in the past, this semi-annual affair will bring together a large number of the most prominent native sons and daughters of Alameda county.

A most musical program has been arranged to fill in between dances. The committee from both parlors has worked faithfully to make this the most brilliant affair of the year in fraternal circles.

A cordial invitation is extended to the public and all members of the order. The following officers-elect of Argonaut Parlor will be installed by Worthy District Deputy Grand President Mrs. Mary Wright: Junior past president, Mrs. Maud Peasey; president, Mrs. Jennie De Martini; first vice-president, Mrs. J. C. Bartlett; second vice-president, Miss Delia Pezzolo; third vice-president, Miss Rose Peasey; marshal, Miss Alma Bancho; financial secretary, Mrs. Agnes Osborne; recording secretary, Mrs. Ada E. Egan; treasurer, Mrs. Mamie Behan; trustees, Miss Emily Chico, Miss Mabel Monk and Mrs. Florence Phillips; organist, Miss Alma Schmidt; inside sentinel, Miss Clara Feraita; outside sentinel, Miss Marie Brusie.

Worthy District Deputy Grand President William T. O'Connor will install the following officers-elect for Claremont Parlor: Junior past president, E. Cunningham; president, F. Robinson; first vice-president, E. Chico; second vice-president, H. Carson; third vice-president, L. Schroeder; marshal, E. Latapie; financial secretary, K. Ingraham; recording secretary, E. Schuler; treasurer, Dr. J. Diddle; trustee, Wm. I. Forrest; inside sentinel, J. Latrell; outside sentinel, T. Pickett.

The committee in charge is composed of the following members of Argonaut and Claremont Parlors: Chairman, Agnes Osborne; Ada Spilman, Mamie Behan, Rose Peasey and Maud Peasey. Chairman, William I. Forrest; George Phillips and Frank Latrell.

Funeral to Be Held for Odie Brewick

The funeral of Odie Brewick, who passed away at his residence, 271 Twenty-sixth street, will be held tomorrow at 2 o'clock. Brewick is survived by his father, Olaf Brewick; his mother, Mrs. Andini Brewick; and seven brothers and sisters, Charles Brewick, brother, is a well-known police officer, while Arthur Brewick is a member of the fire department. August, Anna, Freda and Mabel Brewick, with Mrs. Alveda Brugge, are the rest of the surviving members of the family.

Brewick was a native of Iowa, 28 years old, but came to California when 3 years of age. He was widely known in Oakland and the transbay cities. Interment will be private.

Young Boy Saves Life of Companion

Francis Carter, 14 years old, living at 929 Pine street, was the hero of a queer accident off the Fourteenth street wharf, when he rescued Joseph Thorne, 1714 Eleventh street, a playmate, from drowning. The Thorne boy, who had fallen into the water, was going down for the third time when young Carter succeeded in getting him ashore.

The rescuer is a student at St. Joseph's Academy in Berkeley and has been in Oakland on his vacation. With a number of playmates he was playing at the wharf when the accident occurred.

Oakland Druggist Pleases Customers

Osgood Brothers, druggists, report customers greatly pleased with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is nearly successful in appendicitis. Adler-I-ka never gripes and the INSTANT action is surprising.—Advertisement.

SUDDEN DEATH

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late.

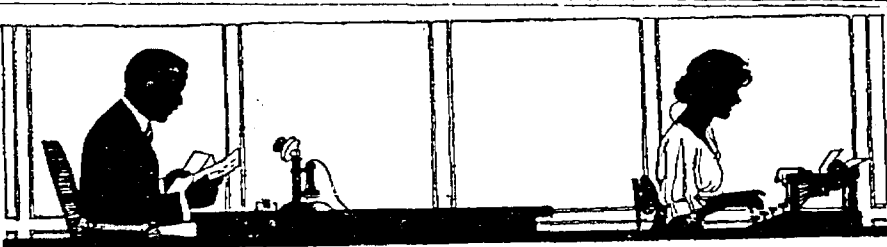

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking 'Anuric,' in tablet form." You can obtain "Anuric" at almost all drug stores. It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. If you cannot obtain it at your drug store send him 10 cents for trial package "Anuric," or \$1.00 for full treatment.—Advertisement.

To Make Hairs Vanish From Face, Neck or Arms

Keep a little powdered delatone handy and when hairy growths appear make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unfailling, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.—Advertisement.

Bedtime Stories

[illegible]

"Oh, dear! I didn't mean to do it, but it's lost and I can't find it. I don't know what to do. I don't dare go on and not

"Well, well! This sounds like trouble," said Uncle Wiggly to himself, as he looked around. "I haven't helped any one out of trouble in a long while, and it's

"Why, Billie, what's the matter?"

"Oh, Uncle Wiggily! How glad I see you see you!" chattered the squirrel. There is matter and trouble enough. You see I am running errands for Mr. Fish-Kosh, the monkey gentleman who

keeps the grocery store. I work Saturdays and after school, and so earn a few pennies. Just now he gave me a basket of things to take to Mrs. Wibblywobble, the duck lady, and in the basket was a

"Where is it?" asked Uncle Wiggly.

"It must have fallen out," said Billie.

"—I guess I lost it. And I don't want to go back and tell Mr. Osh Kosh how foolish I was, and I don't want to tell Mr. Osh Kosh how foolish I was."

"That's too bad," said the bunny man. "I'll help you look for the butter." He

"Here, Uncle Wiggily, take us. Take

"Who are you?" asked the rabbit, surprised like.

"The buttercup flowers you saved from the alligator," was the answer. "We don't mind being made into butter to help you and Billie, because you were good to us, saving us from the alligator. Mix us up into butter."

So Uncle Wiggily did, making a nice yellow pat of butter from the flowers; and when Billie took it, with the other groceries, to Mrs. Wibblewobble, she said it was the best she had ever eaten on earth.

So you see it is good to be kind, even to flowers, and if the tulip blossom doesn't whisper in school and have to be kept in to sing to the ear of corn, I'll tell you next about Uncle Wilgally and

in you next door Uncle Wiggly and
Boozle's bottle.

NEW YORK FACING STREET CAR STRIKE

Employees on Bronx and Westchester Lines Seeking Assistance.

NEW YORK, July 27.—Upon the arrival here of W. D. Mahon, president of the Amalgamated Association of Street and Railway Employees of America, the motormen and conductors of all the street railways in the city may be asked to join the trolley strike which has tied up lines in the Bronx and in Westchester county. President Mahon is expected to come from Detroit today to take charge of the situation.

The company's attempt to resume operations of cars in the Bronx at 8 o'clock this morning resulted in serious disorder. At one point heavy stones were piled on the tracks. Several altercations between strikers and carmen occurred and many persons were arrested.

Company officials announced at 10 a. m. that more than 20 per cent of its cars were running in the Bronx.

COLONEL SHAFROTH DIES.

FAYETTE, Mo., July 27.—Col. William Shafroth, brother of Senator John Shafroth of Colorado, is dead here. He was 72 years old and unmarried. Shortly before his death, Colonel Shafroth filed a document with the county recorder's office, deeding property valued at \$100,000 to the three churches of Fayette, the newly poor for bettering Howard county roads, members of his family and old employees.

Subnormal Court Works Overtime

Unusual Number Psychopathic Cases

CHICAGO, July 27.—Because of the "unusual number of subnormal persons" who have been rounded up in Chicago for investigation, the psychopathic court will convene at 8:30 o'clock a. m. instead of 10 o'clock, the usual hour, according to Dr. James W. Holt, who is working under Judge Thomas P. Scully of the county court. One hundred and eighteen persons will be before the court today, it was said last night. Usually there have been only from sixty to seventy-five since the inquiry started a little more than a week ago.

The police department has been particularly active in rounding up half-wits since the tragedy of ten days ago, in which Henry McIntyre, the negro fanatic, killed six persons, including himself.

here. He was 72 years old and unmarried. Shortly before his death, Colonel Shafroth filed a document with the county recorder's office, deeding property valued at \$100,000 to the three churches of Fayette, the newly poor for bettering Howard county roads, members of his family and old employees.

Out of Sorts

THAT IS, something is wrong with baby, but we can't tell just what it is. All mothers recognize the term by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or scarlatina. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the foetid matter, and drive away the threatened sickness.

Genuine Castoria always bears the signature of *Dr. J. C. Williams*.

HAYWARD SCHOOLS TO OPEN ONE DAY

Teachers to Wait for Big Fruit Crops Before Opening Session.

HAYWARD, July 27.—The Hayward High and Grammar schools will open for one day, Monday, after vacation, and will then close down for another two weeks. The opening of the schools on the last day of July is necessary in order to meet the requirements of the law regulating teachers' salaries, which rules that they will be entitled to the full amount only if the schools are in operation every month in the year. The school children, particularly those attending the grammar school, work in the fruit canneries here, and the extra two weeks will enable them to continue at work during one of the busiest packing periods of the season.

Important improvements will be made at the grammar school during the coming term. The school trustees recently decided to ask the Board of Supervisors for permission to levy a direct tax of \$10,000 to be used in altering the domestic science and manual training classes and also for a kindergarten class. Extra teachers have been added to the grammar school staff in connection with domestic science and manual training. New subjects on the curriculum.

Overcrowding conditions, it is said, with continue to be felt at the grammar school, and it is probable that further efforts will be made to relieve the congestion. Following the defeat of the school bond election to raise \$30,000 for the building of an annex to the school, local educators believe steps may be taken to have the school constructed, although there is considerable opposition to this proposal.

Principal P. Johnson will return from the Yosemite this week to prepare for the opening of the high school. The campus and athletic grounds of the handsome new school have been completed. Orrin Imhof of the University of California has been added to the high school staff and will teach chemistry and athletics.

HEIRS BY LAW. July 27.—The laws of Argentina provide that a father must leave his children four-fifths of his fortune, and a husband, if he has no children, has to leave half of his property to his widow. An unmarried son is compelled to leave his parents two-thirds of his property.

MERCHANTS HEAR CAP. DIETRICHSON

Norwegian Shipping Man Discusses Worth of American Builders on Coast.

While Norwegian shippers are clamoring to have more vessels built in the already overcrowded ship yards of the Pacific Coast, the market is increasing by leaps and bounds and now an engine shortage has been added to the trouble of the shipbuilders. In Oakland one large vessel is now awaiting turbine engines, which have been delayed through inability of the makers to get material, and several local shipbuilders are working against time to finish ships to take engines ordered abroad.

These facts were brought out yesterday at the luncheon of the manufacturers' committee of the Chamber of Commerce, when Captain D. C. Dietrichson, here as a representative of the Stolt-Nielsen shipping firm in Norway, superintending the building of a large vessel in the Moore & Scott ship yards, was the speaker.

"Perhaps it is because they are sinking so many ships on the other side," declared the captain, "that this remarkable activity exists. It is not only here. Shippers from Europe are rushing vessels in Spain, in Japan and in Hong Kong, as well as in Denmark. I find the American workmen excellent in every way, and their ships are good."

That traffic on the sea is well even for neutral ships was brought out when Captain Dietrichson told of the floating mines that menace vessels.

Some of these break loose from their moorings, and, of course, some of these mines are turned loose. Last time I went to Denmark I remember that there were about 1500 mines found along the coast, cast up by the waves. Of course, these get a ship once in a while, by accident, and then American shipbuilders get another order. Norway has come pretty far to get ships when she has come to America; if she went any further she would be ordering them closer home.

In Seattle alone there are six ships being built for Norwegian shippers, and every other ship yard on the coast has orders. We cannot get all we want because the ship yards are overcrowded now."

In regard to engines, Captain Dietrichson declared that the Diesel engine, such as is built in Oakland, would be the engine of the future. "Getting turbines now is a grave question that is delaying shipbuilding in many cases," he declared. "The makers cannot get them out fast enough. This boom came so suddenly that the ship yards were unprepared."

The vessel at the local yards is well on its way to completion, and will be followed by another as soon as completed.

Hotel Man Arrested After Liquor Raids

SPOKANE, Wash., July 27.—W. S. Norman, head of the Norman Hotel Company, operating hotels in Spokane and Tacoma, was last night placed under arrest on three separate warrants, alleging violations of the prohibition law. The warrants were issued as a result of the raid of the Spokane hotel last Friday night, in which 200 packages of liquor, said to have been shipped into the state in violation of law, were found. Hal J. Cole, United States receiver for the Norman Hotel Company, will report at the police station and submit to arrest on a warrant issued several days ago. Norman has been released on \$2000 bond.

San Leandro Schools to Open Next Monday

SAN LEANDRO, July 27.—The grammar school will open after summer vacation Monday. A considerable increase in the number of pupils is expected by Principal Guy Smith. These will be accommodated in the grammar school until the two new wing schools in the east and west ends of town are completed. The new schools will have six class rooms each and will be finished by October, but will not be ready for occupancy until January.

Three new teachers have been added to the staff for the coming term. They are Miss Margaret Alexander, Miss Margaret Perry and Mrs. Grace Benham, who will have charge of cooking, sewing and drawing.

Meese Meeting to Be Held at Elmhurst

ELMHURST, July 27.—A public meeting will be held at the home of Mrs. Fannie E. P. Andrea, 1701 Fifty-first avenue, under the auspices of the women's Meese headquarters committee by a musical program. The speakers will be Edwin Meese, Dr. Mabel Anthony and E. F. Steffert. Theodore Ross and Mrs. Fannie Bear will entertain. Mrs. Fannie Andrea will be assisted in entertaining by Mrs. Anthony J. Lewis. The public is invited to attend the meeting, which will be the first held in this district in furtherance of the candidature of Meese for city commissioner.

Yeomen to Picnic at Niles on Sunday

SAN LEANDRO, July 27.—Preparations have been completed for the picnic to be given by the bay counties homeosteds of the Brotherhood of American Yeomen in Niles canyon, Sunday. Lodge members and their friends from Oakland, San Francisco, Richmond, San Leandro and other centers will attend the outing. Arrangements for the participation of Ivanhoe Homestead No. 85, of this city are in the hands of Mrs. E. Hooley and E. J. Hoerst.

Longshoremen in South May Return to Work

LOS ANGELES, July 27.—The prediction that striking longshoremen will return to work tomorrow was made here today when leaders gathered for a meeting this afternoon, at which various matters were discussed. Members of the executive board of the strikers' union, after viewing conditions at the harbor, expressed confidence that the men will soon follow the action of strikers in San Francisco.

Runs Amuck With Hatchet; Is Killed

TULSA, Okla., July 27.—After driving a team at breakneck speed through the city yesterday night he brandished a hatchet and screamed incoherently, Charles G. Bates was surrounded by a sheriff's posse near Red Fork and was killed by Sheriff James Woolley, whom he threatened with his upraised weapon. Bates was a wealthy Cherokee farmer living at Catoosa. His wife said he had been acting queerly for several days.

KAHN'S FRIDAY SPECIALS

THE ALWAYS BUSY STORE

Notice To customers who have neglected to call for their finished MEDALLIONS. We will not be responsible for Medallions and Photographs that are just called for prior to August 1st.

RED TAPE KEEPS MEN FROM HOME

Guardsmen With Dependents Delayed by Official Action

WASHINGTON, July 27.—An appropriation of \$2,000,000 for relief of dependent families of enlisted men in the organized militia and regular army in service on the Mexican emergency was agreed upon in the Senate today in an amendment to the army appropriation bill. Dependents of such men would be given not more than \$50 a month, in the discretion of the Secretary of War.

The army bill, carrying approximately \$12,000,000, then passed the Senate without a record vote.

Red tape—that winding and blinding weaving of formalities that has been responsible for so many tragedies and heart burnings—is holding at the border many a member of the National Guard who wishes to return to his employment and earn money for the support of his wife and children. The edict has gone forth from the War Department that a soldier who has dependents may be discharged from service, but the process is a tedious one.

A private letter from one of the boys at Nogales tells the story graphically.

"I want to come home," he says, "and take care of my wife and two children, and as soon as I can secure discharge I shall do so. But what can I do in the meantime, while I realize that my little family is going without the necessities of life? I am finding out that the method of securing discharge is this: I must first of all secure affidavits or other concrete evidence that I have others dependent upon me and that I am needed for the purpose of earning bread and butter. Then when I have had these filled out and properly endorsed by my captain, they are forwarded to Washington. Then the department will investigate my case. When they get around to it, and then, some time, the order for my release will come."

This condition of affairs makes the task before the Chamber of Commerce committee on military affairs one that must be aided substantially by the citizens of Oakland. There are many families of guardsmen, who are at present absolutely dependent upon the bounty of the community for their food and shelter. They are in this strait through no fault of their own, but merely because their breadwinners were called to the front in fulfillment of their oaths of allegiance to the flag.

The committee has received from various sources a fund which has been carefully administered as far as it would go, but more money is needed. The sum of \$2731.85 has been contributed to date. There are only a few hundred dollars left in the fund and there are more than sixty families at present relying upon this fund for subsistence.

The following contributions have been received for the fund:

Previously acknowledged	\$2686.50
Henry Rogers, Berkeley Lake	10.00
Alice Nielsen (receipts from a bazaar held Tuesday at 814 Linden street)	27.35
Mrs. P.	8.00
Total	\$2731.85

Improvement Club for County, Plan

The following resolution was adopted at a mass meeting held under the auspices of the Twenty-third Avenue Improvement Club:

Whereas, on the occasion of the preparedness parade in San Francisco on Saturday, July 22, a dastardly deed was committed causing the death of ten or twelve and maiming of nearly half a hundred people, mostly innocent bystanders and onlookers, and Whereas, quite a number of the victims were residents of Alameda county; therefore be it

Resolved, by this mass meeting, brought together under the auspices of the Twenty-third Avenue Improvement Club that it is the sense of this meeting that the Board of Supervisors of Alameda county be urged to the committee which has in hand the apprehension of the murderer or murderers the sum of \$1000 to be used for that purpose.

PETER KOPPEN, President.
OTTO SINZ, Secretary.

Young S. F. Attorney Appendicitis Victim

SAN FRANCISCO, July 27.—Henry C. Catlin, of the firm of Catlin, Catlin & Friedman, attorneys-at-law, and a former newspaperman, died suddenly this morning at the Florence Ward Sanitarium following an operation for appendicitis. Catlin was the son of Judge A. P. Catlin, pioneer jurist and lawyer of Sacramento. He was a short-story writer of some note and had been employed in an editorial capacity on the Examiner, Chronicle and Fresno Republican.

Six years ago he began the practice of law. A widow and a brother, John C. Catlin, survive him. He was well up to Monday, when he was seized with an attack and had to be taken to the hospital.

Presiding Judge George Cabaniss today adjourned court out of respect to his memory.

Auto to Santa Cruz

Round trip every Saturday and Sunday. Two large, comfortable, easy riding cars, one with 6, other with 8 passengers. In some parts, no speeding or reckless driving. One drive. A safe, clean, enjoyable 150-mile tour over excellent routes, through valleys, over mountains to the ocean, giving 5 hours time for enjoying Santa Cruz and its amusements.

\$3.50 ROUND TRIP

Special Rates to Parties

Write or phone your reservations early. We call for you at your home. Day phone Oakland 2182; nights, Sundays and Holidays, phone Piedmont 7123-W or C. D. BROWN, 2550 San Pablo Ave., Oakland. Save this for future reference.

BOYS DRIVE CAR 'CROSS CONTINENT; THRILLS A-PLENTY

CUYLER LEE, JR., Who Has Completed Transcontinental Automobile Tour.

Jaunt of Trio Comes to End at Oakland

Three boys, none of whom is over 17 years of age, have arrived here after a transcontinental automobile tour from New York to Oakland via the Lincoln Highway. They are Richard and Cuyler Lee, Jr., sons of Cuyler Lee, and Russell Wilson, son of Mountford Wilson.

"We had great fun. There is nothing to be afraid of on a trip across the continent," said the weather-beaten and happy trio as they greeted their parents at the ferry landing. The boys had no trouble during their long trip, during which they left the Lincoln Highway to explore the country. They speak enthusiastically of the advantages of seeing America in an automobile. Each boy took a turn at driving the twin-six Packard car, which Cuyler Lee Sr. presented to his sons at Boston.

They camped out every night. Before starting on the continental tour the boys toured the New England country and later went to New York, where they spent some time before starting on their 3000-mile journey. They encountered bad roads in Iowa, where following a rainstorm the car plowed through some of the worst roads in the State.

HIT ELECTRIC STORM.

In Wyoming they drove through an electric storm, in which the car and its occupants were subjected to a torrential downpour. Crossing into Nevada, they met with the worst roads on the entire journey, especially between Ely and Fallon, where they passed many stalled automobiles. They arrived at Tahoe Tuesday evening and left the lake yesterday morning, making the run in about nine hours.

At Ely they were instructed to take the road leading to Southern California because of its better condition than the path running to this section of the State, but the lads preferred to continue on the Lincoln Highway. This is the first time the boys have been out of the State, but they managed to drive their car all over the east and across the continent without mishap. Their feat is another

WILL ASK FUNDS FOR NEW MUSEUM

Committee of Chamber of Commerce to Seek Subscriptions.

Efforts, through the aid of public spirited citizens, to construct a fitting municipal museum to house the million Egyptian antiquities collection offered Oakland by Mrs. Phoebe Hearst, and other important exhibits obtainable if a proper structure can be built, were started today, following a decision reached last night by the newly formed museum committee of the chamber of commerce.

That the building could not be built by public funds at this time was the decision of the committee, and a plan for enlisting the aid of wealthy Oaklanders, and starting a public subscription movement will probably be attempted. The committee organized last night, with A. Beretta as chairman. The committee is composed of Beretta, Miss Elizabeth Sherman, Dr. J. Loran Penne, W. H. Welby and Charles Smith.

"Oakland must have a museum," declared Chairman Beretta. "It must be a modern museum structure costing not less than \$100,000."

The committee of the Oakland chamber of commerce has reached this decision after a thorough investigation of the collections now in the Oakland museum and of the Golden Gate park museum and the Academy of Sciences in San Francisco.

The problem now before the committee is how to raise the required amount of money. It has been suggested in some quarters that a bond issue be voted. But it is the opinion of the committee that the people would not look with favor on a bond issue.

Another suggestion is the raising of the \$100,000 by popular subscription. There is objection to this, too, on the ground that too many such movements now are under way.

Still another suggestion is the use of the Civic Auditorium for housing the exhibits of the museum. This is out of the question, for the Auditorium, though an excellent building in respect to the holding of public entertainments, is utterly unfit for a museum, because of its lack of convenient arrangement for exhibiting collections and its absence of the proper lighting system.

The committee is planning shortly to confer with a number of public spirited citizens in the hope of devising a means to erect a museum. It is absolutely necessary that the proper sort of building be secured if Oakland is to get the magnificent \$1,000,000 Egyptian collection which has been offered to the city by Mrs. Phoebe Hearst.

proof of the changed conditions in motoring.

From Oakland to the Yosemite and back again in twenty-four hours or less is the motoring test that is to be made today.

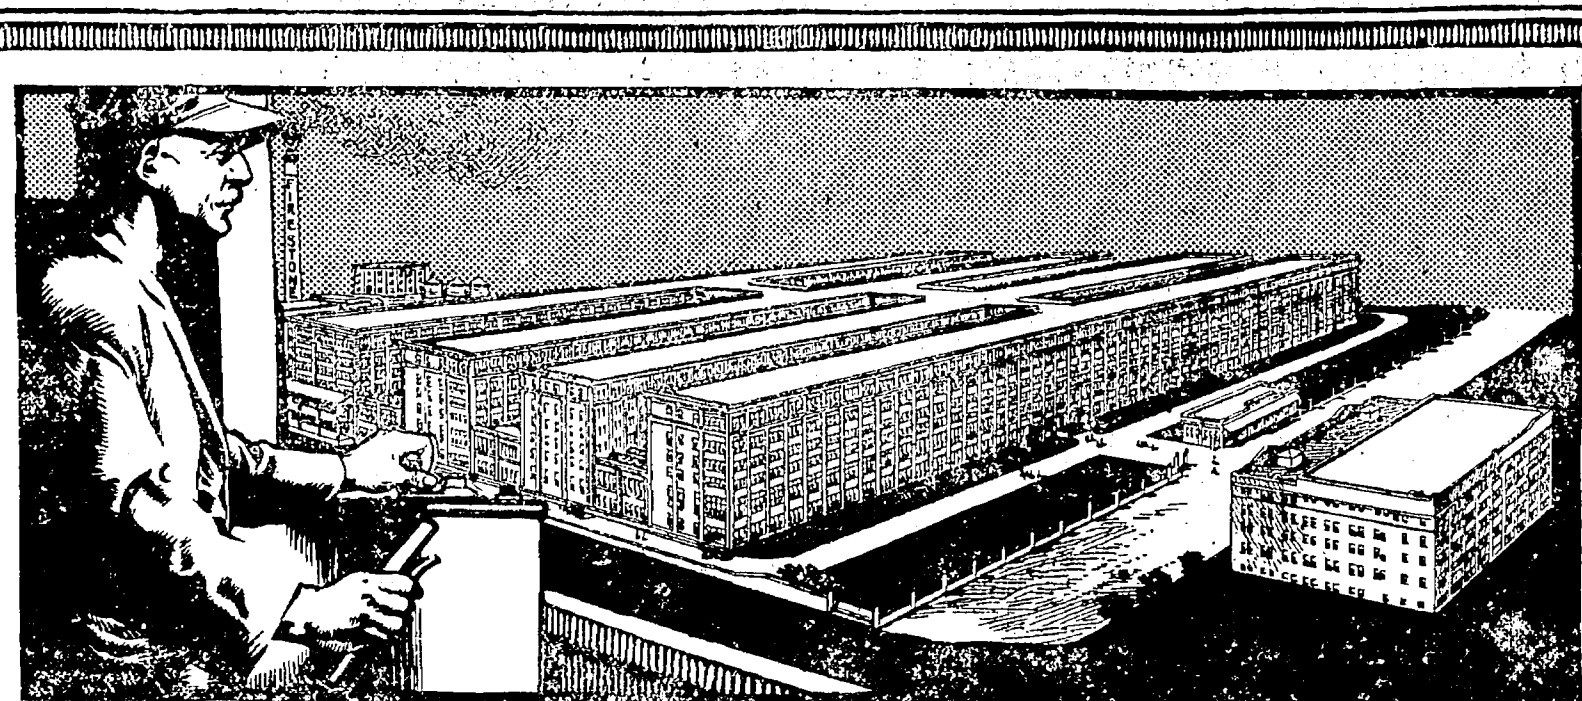

Leaving the Oakland Chamber of Commerce at one minute past midnight C. L. Butler, Alameda county distributor of Peerless automobiles, whirled away on his drive in a new model eight-cylinder machine. He has contracted to be back at his starting point by one minute past midnight tomorrow morning.

Butler will be accompanied by an observer so that the record will stand as official. Joseph E. Caine, secretary of the Oakland chamber, was invited to fill this post as state consul of the Lincoln Highway. Others in the party will be representative of the Lincoln Highway Association and a representative of the Peerless people. The car bears a banner reading:

"It Can Be Done: Oakland to the Yosemite and back again in 24 hours."

The distance to be covered is 430.4 miles, 190.1 on the trip into the valley and 240.3 on the return journey. Going in Butler will go down the San Joaquin valley to Merced, then by way of Eureka, Coarse Gold and Wawona and into Yosemite. Coming back he will pass through Crane Flat, Crocker's Groveland, Chinese Camp, Knights Ferry, Oakdale and Salida and thence to Oakland.

Butler says he is not out to make speed, but to demonstrate that the Yosemite trip can be made in twenty-four hours.

A 12,000 Horse Power Man

You ask, "What has this to do with me as a buyer of tires?" Just this—by such savings at the Firestone factory we cut down the cost of tire mileage for you. Instead of paying 30 cents or more per ton for feeding coal, we install equipment that feeds for 4 cents a ton. One man feeds hundreds of tons a day that develop 12,000 horsepower.

Firestone

Tires

It is equipment and efficiency of this kind throughout the Firestone factory and branches that give you exclusive quality at ordinary price in Firestone Tires. One 12,000 horsepower turbine instead of a battery of small ones; buying from plantation and shipping direct; equipment for calendering and cutting 84-inch fabric instead of the narrower widths; scientific distribution through branches by car load or trainload. These are some of the ways Firestone takes the cost out of overhead and puts the quality in the Tire. You profit through more quality—more mileage for less money.

PEOPLE TO AID MAKING OF BUDGET

Clubs and Experts Now at Work on Estimates for City

Budget making is going to be different this year in Oakland from the method of any previous year in the annals of the city. A fundamental difference will be that this will be the first budget concerning which complete information is available for the public prior to its adoption by the city commissioners.

Copies of the complete list of departmental demands as filed with Commissioner of Revenue and Finance W. H. Edwards have been prepared. One of three copies is being studied and analyzed in detail by a special committee of the Chamber of Commerce, while another is being studied by the experts of the Tax Association of Alameda County. A third is being digested by the experts of the civil service board.

The Chamber of Commerce committee on the budget is headed by Benjamin H. Pendleton, former president of the city council and for many years a member of the civil service board. Pendleton's committee is making an elaborate digest of the departmental estimates, and a comparison of these with the expenditures for the various departments of last year.

Before Commissioner Edwards submits his recommendations as to the budget to the city council he will have had placed in his hands the results of these three independent surveys made of the departmental demands, with the recommendations of the financial experts who have made the study.

Edwards had in the minority unless a recall should cause a change in the balance of power in the city council, Edwards is planning to place a budget recommendation before the council that will be impossible to under any attack from the other commissioners.

"PADDING" SOUGHT. The experts, it is rumored, have already discovered considerable "padding" of estimates in at least two departments. This does not mean the discovery of generous allowances for permanent betterments, but the intentional over-estimate of the expense of maintenance in order that there may be a good working surplus with which to "play with" during the year, according to the men who are searching out the weak spots in the departmental demands.

Because of the detailed and uniform system of accounting installed in all departments on the recommendation of City Auditor I. H. Clay during the past year, it is now possible to calculate almost to the cent what each department will cost for maintenance during the year. The fact that some of the departments have apparently ignored the information in their hands and have vastly over-estimated their needs is considered as a failure to understand the real merits of the new accounting system.

The old method of budget making was to guess at the needs of a department, and then double or treble the guess, and ask for the biggest amount possible in the departmental estimate. The commissioners, also without detailed and definite information as to the real needs, would then try to guess how much the department head had padded his estimate, and would make a corresponding guess in pruning down to the limit.

The arbitrary pruning might be expected, and frequently worked out, to reduce the estimate below the maintenance cost. More often, it left the department with a surplus or margin with which to experiment. It sometimes taxed the ingenuity of department heads to make up the money they had asked for in a manner that would pass muster under examination by the auditor and the taxpayers in general.

INFORMATION IGNORED. The departmental heads have in some instances failed to realize the experts declare, that the new accounting system has furnished detailed information which has made guessing both unnecessary and dangerous. It has laid the guesser open to having his too generous estimate misunderstood.

Some interesting revelations along this line are promised by the investigators of the present budget estimates. Mayor Davis has also had some experts working over the figures, and he will be ready with some surprises in this regard. It is anticipated that the result will be an interesting series of council meetings when the budget is actually under consideration by that body.

THE BLUEBIRD BUREAU Department of Good Fellows

Richard Harding Davis wrote a story about a little boy scout who befriended a cur in distress, and he told how the action so interested a young millionaire that the latter set in train a whole regiment of kind deeds which made happy a hundred families. Of course the boy did not know that and when his mother asked him the same evening what he had done in the way of Boy Scout duties he replied in disgust: "Aw, I just helped a dawg!"

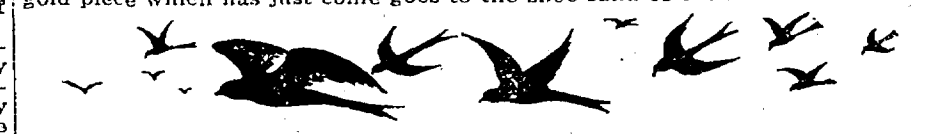

Many a Good Fellow has answered an appeal of the Blue Bird Bureau at such trifling effort on his or her part that the deed seemed to lack any particular significance, yet we know of some cases where it marked the turning point—the added weight in the scales of life which set the pendulum moving in the right direction.

It's a wonderful feeling to know that you have blazed a trail for someone unable to make the journey; to realize that your helping hand extended without effort has lifted another human being from discouragement to confidence. The Blue Bird Bureau daily makes this possible and without inconvenience to anyone or unwelcome publicity.

BABY SHOES AND A GOLD PIECE.
We don't know her name. She probably did not wish us to know it, and there was no need that we should. We made out a receipt to "Good Fellow" when she left a gold piece on the Blue Bird counter and a pair of baby shoes, when his mother asked him the same evening what he had done in the way of Boy Scout duties he replied in disgust: "Aw, I just helped a dawg!"

Any particular purpose you wish the money used for?" we inquired. "You probably know best," was the reply, and we thanked her. We do not know where the gold piece is now, but we are sure it is in the hands of some poor child who needs it. The gold piece which has just come goes to the shoe fund of the Little Brothers.

FREE SHELTER FOR THESE TWO.
Today we present for the consideration of the bureau the case of two women, one aged and feeble, the other unable to find employment, who are for them the privilege of living rent free in some little rear cottage, no matter where, or in some pleasant quarters which the owner is not using. Mother and daughter are to be ejected from their present abode for failure to pay rent. The mother is eighty years of age, the daughter is fifty. The latter was a school teacher and holds a certificate in two states, but age militates against her earning a livelihood here. The city furnishes them with milk, and on this they can manage to live, though there will be no milk or meat, or delicacies of any kind. If worst comes to the worst, it will be possible to secure free accommodations in a basement. Such a step will be the crowning misery. Both women are refined and accustomed to better surroundings. The bureau would be grateful to some owner of untenanted property, furnished enough to be livable, who will assist us in this undertaking.

The bureau would like the services for a few days of one or two ladies to sort over and arrange children's clothing preparatory to distribution. The clothing has been stored temporarily on the top floor of the TRIBUNE building, where it should be segregated and the serviceable garments properly arranged. Call Lakeside 5000 and ask for the Blue Bird secretary.

COL. BUTLER DIED IN LINE OF DUTY

SAN ANTONIO, Tex., July 27.—The widow of Lieutenant-Colonel M. C. Butler, slain by Harry Spannell, hotel proprietor, in Alpine last week, will receive a pension. The official report of Colonel J. A. Gaston, commander in that district, clears Butler's name and assigns unreasonable jealousy as Spannell's motive in shooting his wife and Butler. According to the Army code, the fact that Butler had a "moral right" to be with Mrs. Spannell shows he died "in the line of duty," which must be proven if a soldier's widow is entitled to a pension.

According to Gaston's report, Spannell had an argument with Butler about Mrs. Spannell prior to the shooting, after which Butler avoided Mrs. Spannell as much as possible. Earlier in the day of the shooting, Butler and Spannell, with their wives, called on friend who was being alone in the Holland Hotel, of which Spannell is proprietor, the two women went to the Butlers' rooms. Mrs. Butler left the room for a moment, and Spannell, entering, upbraided his wife for being alone in Butler's room. Mrs. Butler returned, ending the argument. This was said by Gaston to have been the immediate cause of the shooting.

Afterward, Spannell told his wife and Butler for an automobile ride and shot them both. He gave himself up and is now in the county jail at El Paso.

Conference Indicates Quiet in Saloniki

ATHENS, Greece, July 27.—Following long conferences between General Moschopoulos, commander of the Greek forces at Saloniki, and King Constantine and the Greek general staff, the impression is general in military circles at Athens today that a resumption of hostilities in Macedonia between the entente and the central powers is not imminent. There are no indications that Saloniki will be attacked. The Austro-Germans have fewer than a brigade of troops and the Bulgars have only ten divisions on the Saloniki front, and consequently military observers point out they are not in a position to undertake assault on the formidable Macedonian stronghold.

APPROVAL GIVEN HOME TRADE PLAN

Commercial Travelers Receive Word From Allied Councils.

Secretary J. H. Brill, of Oakland Council No. 391, United Commercial Travelers, has received official communications from the various councils of the order throughout the western states congratulating the local members on the plan of holding a week of exhibitions of local products in conjunction with the "Try Oakland First" week to begin September 23 and continue until September 30.

According to Secretary Brill nearly all of the councils expect to send delegations to Oakland, and it is planned to hold an unofficial convocation of traveling men at that time.

"We believe we are going to entertain hundreds of the traveling men during this week," said Brill yesterday.

Committees appointed for the exhibition are as follows: General committee—B. F. Welch, chairman; C. J. Remmer, vice-chairman; J. H. Brill, secretary; and F. C. Koerber, treasurer. Finance committee—Meyer F. Lewis, chairman; George W. Pich, Chester Parker, J. Hansen, H. A. Wood; auditing committee, C. A. Bowersmith, chairman; Howard N. Smith, G. C. Dawsett, J. C. McDermid, Lacey Mercereau; publicity committee, George W. Pich, chairman; Chester Parker, George W. Cummings, C. S. Wightman, S. J. Johnson; co-operation committee, Harry W. Williams, chairman; Meyer John J. Davis, E. F. Mueller, Sophus Nelson, Colonel Bill Barrett, J. H. Brill, J. C. Ady; tickets and admission committee, S. J. Johnson, chairman; C. R. Boteler, J. J. Hirsch, M. H. Wood, Jr., exhibit committee; J. J. Mackay, chairman; George A. Wardell, C. E. Schmidt, H. E. Castens; executive committee, Ben Welch, chairman; George Meinhardt, Meyer F. Lewis, Sophus Nelson, Carl Remmel and Herman Summerfield.

The honorary advisory committee is made up of members of both the council and the members of the manufacturers' bureau of the Chamber of Commerce. The proceeds of the event are to be given over to the building fund of the council, whose members expect to erect a home for traveling men in Oakland.

CONCORD COUPLE WED.

CONCORD, July 27.—All Saints' Catholic church was the scene of a pretty wedding when Miss Carmen Arvana became the bride of Joe Arighi. Rev. Father Henry B. Shaw of Martinez officiated. The young people today are on their way to San Diego, where their honeymoon will be spent, and upon their return they will reside at the Arighi ranch, near here.

Impossible, but may prevent completion of the tunnel itself, Jones said. The gas well, according to the expert, is apparently of uncontrollable proportions.

Despite this development, preparations for further exploration were made today. The bodies lie behind a cave-in nearly 300 feet long.

Water works officials said today they believe there are only nine bodies in the tunnel instead of eleven, as previously estimated. Patrick Kearns, supposed to be entombed, turned up alive today. He had overstayed shore leave Monday and missed death by a close margin. Justice Aro, another thought to be with the tilted force, is also reported alive. This reduces the total loss of life to nineteen.

HIGH SCHOOL BOOK STORE FATE IN AIR

Berkeley Parents Ahead Up to Date in Dispute

School Board Friend of Merchants Not Seconded

BERKELEY, July 27.—The fate of the Berkeley High School Book Store is still unsettled. A meeting of members of the board of education and others which was addressed by a committee of merchants and representatives of mothers' clubs, and which was scheduled to settle the question for all time, failed to keep to its schedule.

A resolution presented by Dr. Roy Toolesey of the board to abolish the store failed to obtain a second, and the matter was allowed to drop.

G. L. Schneider was elected president of the meeting and briefly explained the objects of the gathering and the reasons that inspired the merchants of the city to petition the school board to close the school store.

"The merchants feel," said Schneider, "that as taxpayers they contribute to the support of the schools and are unanimous in their condemnation of anything that could be construed as competition being introduced into the schools by the school authorities."

A petition from the Parent-Teachers' Association of the high school, asking that the store be continued, was read, as was a letter from the teachers of the school, which pointed out the increased efficiency of pupils on account of the store.

L. Biedenbach, principal of the school, explained the manifold advantages of the pupils and the saving of time accomplished in securing books.

"It also stopped book stealing in the schools," said Biedenbach, "as students selling second-hand books have no market save the school store."

The practical commercial education received by pupils in connection with the store was said by Biedenbach to be invaluable.

C. E. Radston represented the merchants who signed the protest against the continuance of the store. He suggested that the board of education, if it really thought it necessary to have a store on the high school premises, should place it in the hands of a merchant of the city.

SUGGESTS PLAN.

"Bids could be advertised for," said Radston, "and the highest bidder operate the store, paying rent to the department which the merchant would have no objection to such an arrangement. Our objection is to the fact that this school is doing business at a profit on the school premises and paying neither help nor rent, and not rendering any more service than could be rendered by any merchant of the city."

Mrs. W. T. Cleverdon, representing the Mothers' Club of the Francis Willard School, presented a strenuous objection to the closing of the store, as did Mrs. J. W. Mitchell, E. C. Barnhart, Mrs. Elvina S. Beals and J. Walker.

Wells Drury, H. S. Howard and E. T. Harris were among those who favored the discontinuance of the store.

Autoist Who Ran Man Down Held for Trial

John Toll, an autoist, charged with having run down Richard Olsen, a San Francisco collector, at Thirteenth and Alice streets, and who fled with away without stopping to aid to his victim, was held to answer this morning by Police Judge Mortimer Smith. Bond was fixed at \$2000. Toll must now appear in the superior court.

The accident at Thirteenth and Alice streets occurred while Olsen was riding his bicycle. Toll, driving a car, is accused of having hurried away from the scene of the collision without helping Olsen.

Alameda Girl Wins Government Acreage

SPOKANE, Wash., July 27.—George Lennon of Spokane drew No. 1 in the land drawing here today in connection with the opening of approximately 425,000 acres in the Colville Indian Reservation to settlement. Other winners were: No. 2, Austin N. Anderson, Mukilteo, Wash.; No. 3, Edward H. Peterson, Warden, Chelan county, Wash.; No. 4, Edward B. Furman, Spokane; No. 5, Chas. M. Sanders, Spokane; Miss Rose Garvia of Alameda, Cal., drew fourth choice.

GET ALL THE FAMILY AROUSED TO PASTIME

Father, Mother, Aunt, Sister and Brother Bill Can Each Compete Independently

One of the finest things about the \$250 cash home game of fitting titles to pictures which THE TRIBUNE will start with picture No. 1 Sunday, is that the family can make so much more of getting a prize by all of them playing the game. The rules do not restrict the submitting of a set of answers to one member of the family—they permit each member to submit an independent set!

So let every member of the family, young and old, prepare to engage in the evening hour pastime of seeking suitable titles for the pictures from among the titles published in the paper. Thirty-five pictures will appear in THE TRIBUNE. You know each picture each day will appear about 75 titles. Participants will clip out the pictures and the titles, and select fitting titles for the pictures from among the titles which appear in the paper.

BERKELEY TO AID DEPENDEDNTS TO ALLEVIATE BOMB OUTRAGE

ALICE LOUISE SMITH, ONE OF COMMITTEE ARRANGING BENEFIT AT BERKELEY TO VICTIMS OF BOMB.

BERKELEY, July 27.—Enthusiastic workers are arranging a monster benefit entertainment in aid of the dependent survivors of victims of the bomb outrage in San Francisco last Saturday.

Manager Frederick Robson of the Shattuck Hotel has donated the use of the ball room of the hotel and a committee consisting of Mrs. Robert Park, Mrs. J. C. MacPherson, Mrs. Zoe Radcliffe, Mrs. M. G. Nelson, Miss Alice Louise Smith, Miss Jane McDevitt, Miss Helen Havens and Miss Florence Woolsey are arranging the affair.

The benefit will take place next Tuesday night and an extensive program is being arranged. Among those who have volunteered to take part are Miss Carmel Mitchell of Santa Cruz, Mrs. Henry Glina, Henry U. Brandenstein and William Hillman.

Miss Mitchell is well known as a vocalist and her pleasing voice and charming manner have brought to her court a host of admirers in the bay cities.

Mrs. Glina has been heard in concert at the Shattuck where she is a guest in this summer and her contribution to the program is counted among the notable numbers.

Brandenstein is a well known San Francisco lawyer and he will give a reading. Hillman will render several selections on the piano as well as acting as accompanist to the vocalists.

The committee anticipate no difficulty in filling the program with worth-while numbers and anyone who wishes to assist in the charity affair may telephone Mrs. Radcliffe at the Hotel Shattuck.

Failure on the part of the Board of Supervisors to adopt a resolution granting the Fourth of July Committee of Alameda \$1000 toward defraying the expenses of the celebration held in that city until twenty days after the money had been spent may prevent its collection from the county treasury.

Auditor E. F. Garrison is holding up the claim of the committee against the county for \$553.11 as per the itemized list of expenditures, and it is probable that a friendly suit in mandamus will be brought in order that the courts may pass upon the validity of the claim.

Prior to the celebration, members of the committee appeared before the supervisors and the members of the board all signified their willingness to vote the \$1000 asked. But at that time, through an oversight, a balanced resolution was not formally passed. The committee went ahead with its arrangements and incurred expenses which practically consumed the prospective county allowance.

Last Monday, when the matter came to a show-down, a balanced resolution was passed by the board under date of July 24.

Auditor Garrison holds that the procedure is not legal on the grounds that a resolution appropriating money cannot be retroactive in its effect.

"I regret that I am forced to hold up the claim," said Auditor Garrison today. "But it is necessary that I protect myself and my bondsmen in the matter for if it should be proved illegal, I would be held responsible. I have suggested that the committee bring a friendly action in mandamus, which will straighten out the case for all concerned."

You watch for picture No. 1 next Sunday, and start winning your share of the money. What a delightful amusement for your idle moments at home, and what a cash fortune to win for diverting yourself. Let Uncle Frank help, too, and Grandma and Aunt Lizzie. All may use their wits in the easy entertainment, and who knows—perhaps the very first prize of \$500 may be won by one of the members of the family.

There are 25 pictures in THE TRIBUNE \$250 cash Picturegame, for which you are invited to supply suitable titles. You can pick out titles to pictures as well as any one. Come, play this great game—Adv.

FORMER SOCIETY LEADER IS DEAD

Mrs. Emma Shafter Howard Dies Across Bay; Lived Here Long.

Mrs. Emma Shafter Howard, for many years one of the most prominent women who directed the currents of society and of public interest in Oakland, passed away today in San Francisco, where she has made her home for ten years—ever since the fire. She was 71 years of age.

Several decades ago Judge Shafter, one of the earliest jurists in California, and father of Mrs. Howard, owned the extensive lands all along Lake Merritt from what is now the Schilling property to Fourteenth street. He had come from Vermont to San Francisco when his daughter was very young, and after she had received her high school education across the bay, had brought his family to Oakland.

When Mrs. Howard married the late Charles Webb Howard they built a mansion in the Lakeside district and entertained there lavishly. Where Fourteenth street has been cut through at Alces was once part of their ample garden. Here almost every person of prominence who came West was received, from Julia Ward Howe and Harriet Hosmer, the sculptor, to Booker T. Washington, whom Mrs. Howard recognized while he was still ignored.

Later she took great interest in tree culture and in an effort to beautify the city presented to the municipality many of the trees around the school and herself superintended the planting. This she did also all along Alces street from Thirteenth to Durant, so that it is to her that the leafy avenue is largely due.

Another activity of hers was of a literary character and expressed itself in a book dealing with the life of her father and his relationship with the West during his time.

Three sons and a daughter survive the deceased: Miss Maude Shafter of San Francisco; Paxton Shafter of Piedmont, and Shafter Howard among them.

Miss Mitchell is well known as a vocalist and her pleasing voice and charming manner have brought to her court a host of admirers in the bay cities.

Mrs. Glina has been heard in concert at the Shattuck where she is a guest in this summer and her contribution to the program is counted among the notable numbers.

Brandenstein is a well known San Francisco lawyer and he will give a reading. Hillman will render several selections on the piano as well as acting as accompanist to the vocalists.

The committee anticipate no difficulty in filling the program with worth-while numbers and anyone who wishes to assist in the charity affair may telephone Mrs. Radcliffe at the Hotel Shattuck.

Failure on the part of the Board of Supervisors to adopt a resolution granting the Fourth of July Committee of Alameda \$1000 toward defraying the expenses of the celebration held in that city until twenty days after the money had been spent may prevent its collection from the county treasury.

Auditor E. F. Garrison is holding up the claim of the committee against the county for \$553.11 as per the itemized list of expenditures, and it is probable that a friendly suit in mandamus will be brought in order that the courts may pass upon the validity of the claim.

Prior to the celebration, members of the committee appeared before the supervisors and the members of the board all signified their willingness to vote the \$1000 asked. But at that time, through an oversight, a balanced resolution was not formally passed. The committee went ahead with its arrangements and incurred expenses which practically consumed the prospective county allowance.

Last Monday, when the matter came to a show-down, a balanced resolution was passed by the board under date of July 24.

Auditor Garrison holds that the procedure is not legal on the grounds that a resolution appropriating money cannot be retroactive in its effect.

"I regret that I am forced to hold up the claim," said Auditor Garrison today. "But it is necessary that I protect myself and my bondsmen in the matter for if it should be proved illegal, I would be held responsible. I have suggested that the committee bring a friendly action in mandamus, which will straighten out the case for all concerned."

You watch for picture No. 1 next Sunday, and start winning your share of the money. What a delightful amusement for your idle moments at home, and what a cash fortune to win for diverting yourself. Let Uncle Frank help, too, and Grandma and Aunt Lizzie. All may use their wits in the easy entertainment, and who knows—perhaps the very first prize of \$500 may be won by one of the members of the family.

There are 25 pictures in THE TRIBUNE \$250 cash Picturegame, for which you are invited to supply suitable titles. You can pick out titles to pictures as well as any one. Come, play this great game—Adv.

Weight Inspectors to Hold Meeting

SACRAMENTO, July 27.—Announcement was made today by Superintendent C. G. Johnson of the state department of weights and measures that the second annual conference of weights and measures officials in California will be held in Sacramento August 6 and 7.

OASHER ROBBED.

AURORA, Ill., July 27.—Two men entered the office of the Home Building and Loan Association here this afternoon, knocked Floyd Bell, cashier, unconscious with a blow on the head and escaped with \$2000.

MARSH PROBLEM PASSED TO CITY

Contractors Surrender Agreement to Fill Land Near S. P. Right-of-Way.

The long hoped-for solution to the West Oakland marsh problem, over which the commissioners battled a year with and which it was hoped was just about on hand, today passed away when S. G. Hinds, president of the San Francisco Bridge Company, announced that the company is not willing to go through with its part of the agreement unless permission is granted to dredge from the submerged mud north of the Key Route mole. This the council will not agree to under the circumstances, and the whole controversy slipped back to the exact point it had reached about twelve months ago.

It is probable that the city will have to undertake the work of making the fill and will have to contribute toward the expense. The work will probably have to be done by public contract, and will be delayed by protests and controversies.

The marsh land east of the Southern Pacific right-of-way, and North of Eighteenth street, part of the merged land, but not cleaned by the tides, filled every year with rain water and made into a breeding place for mosquitoes, stagnant and unhealthy, has long been a menace to the community, according to both the state and the city health departments. The city council has long been engaged in an effort to have the land filled and the nuisance abated.

Last year Charles Cotton, a contractor, was given the privilege of using the city dredger on the agreement that he would enter into contract with the property owners to fill the marsh land by dredging sand from the Key Route basin.

Cotton signed up many property owners, but eventually assigned his agreement to the San Francisco Bridge Company, which agreed to assume the responsibilities of Cotton's undertaking with the property owners who had signed up and with the city. Since the matter has dragged along until practically all the property owners have signed up, the city business has increased for the contractors about the bay in the dredging and wharf building business, and the city has all the work it can do.

President Hinds told the council he could not make the fill at the rate agreed upon with the property owners, 0.8 cents a cubic yard, unless permission was granted to dredge north, and not south, of the Key Route pier, and the south of carrying the pump line would be too great.

Commissioner Paccus announced that north of the Key Route mole there is mud to a depth in some places of 25 feet, mud soaked with sewage and corruption, ill smelling and unusable for the purpose of a fill. The permission was denied.

The council deferred action on the resolution of attention to put through the streets across the marshes for two weeks, pending further study as to whether some new solution cannot be found to the problem.

Wants Gun, So She Is Deputy

Barnet Names Berkeley Woman

BERKELEY, July 27.—"For the good of the community," according to her own statement, Mrs. J. V. Mitchell, 2505 Webster street, was yesterday appointed a deputy sheriff by Sheriff Barnet. With her appointment goes the privilege of carrying a firearm and wearing a badge. There is no compensation attached to the position. Mrs. Mitchell bears the distinction of being the first woman sheriff to be appointed in Alameda county.

Mrs. Mitchell, whose husband was recently dismissed by the University of California authorities from his position as university policeman, says that she obtained the appointment because, being interested in social work, she is often called out late at night and fears to go unprotected.

After making application to the city council and Chief of Police August Vollmer for a permit to carry a concealed weapon without avail, she enlisted the services of a friend who prevailed upon Sheriff Barnet, she says.

Mrs. Mitchell said today: "I am a sort of Carry Nation. I am not afraid to say what I think and make enemies because I will not be toady to the powers that be. In my settlement work I am often taken late at night into places where a weapon will be a welcome companion."

Mrs. Mitchell is at the forefront in civic affairs. At the present time she is engaged in circulating recall petitions for the five members of the present city council.

LARGEST GETS FOUR MONTHS.

Four months in the city prison was the term given Charles Marshall, charged with petty larceny, in Police Judge Mortimer Smith's court this morning. Marshall had been given probation on a previous petty larceny charge, but was brought before the judge today for stealing a camera from a standing automobile.

During the Taft administration certain oil lands were withdrawn from public entry. Some of the companies obeyed the order.

The attorneys for the defendants claimed that the judge could not hear the case and not be prejudiced, because he had at one time been a small stockholder in the Pacific Oil Company, competitor of the defendants. Altogether there are twelve cases and thirty-six defendants. The suit has been brought against the companies in order to eject them from the prohibited land.

LOTTERY TICKETS EXPENSIVE.

An Ah was found guilty of having and selling lottery tickets this morning in Judge Mortimer Smith's court and given a sentence of \$300 or 150 days in the city prison. He paid the fine. This is the second time within the last few weeks that the Chinese has paid money to the city, following arrests on lottery ticket charges. The time before he forfeited \$300 bail.

MRS. WYLIE WINS DIVORCE DECREE

Sensational Elopement Is Told Again; Gives Abandoned Wife Liberty.

WASHINGTON, July 27.—Mrs. Catherine Wylie, whose husband, Horace Wylie, eloped in 1910 with Mrs. Helen Hoyt Hichborn, wife of Philip Hichborn, was granted an absolute divorce this afternoon.

Mrs. Wylie is given the custody of the children. Wylie, now living abroad, did not contest. Testimony was given by Henry M. Hoyt, Jr., that he saw Wylie and Mrs. Hichborn at Hurley, Hampshire, England, in 1910. He stayed with them, he said, and found them posing as man and wife.

Philip Hichborn committed suicide several years after the elopement. Mrs. Hichborn started society in many cities when she eloped with Wylie, twenty years her senior. Wylie, wealthy clubman, and Mrs. Hichborn were together a year, most of the time in Europe. The year ended, Mrs. Hichborn suggested that Wylie live again with his wife for five months to see if they could be happy. Apparently they could not. The day the time limit expired Wylie went back to Mrs. Hichborn, saying, according to his wife:

"That he must live with Mrs. Hichborn permanently."

Judge Disqualifies Self in Oil Suit

SAN FRANCISCO, July 27.—United States District Judge B. F. Blodgett today disqualified himself from hearing the suits against the Devil Bend Oil Company and the Lost Hill Mining Company.

The Taft administration certain oil lands were withdrawn from public entry. Some of the companies obeyed the order.

The attorneys for the defendants claimed that the judge could not hear the case and not be prejudiced, because he had at one time been a small stockholder in the Pacific Oil Company, competitor of the defendants. Altogether there are twelve cases and thirty-six defendants. The suit has been brought against the companies in order to eject them from the prohibited land.

BISSELL'S CARPET SWEEPERS—Half Price—\$2.00 Sweepers at each \$1.00. \$2.45 Sweepers at each \$1.23. \$3.25 Sweepers at each \$1.63.

BLACKLIST PROTEST IS SENT BRITISH

U. S. Contends Action Is Violation of Neutral-ity Rights

WASHINGTON, July 27.—A note to Great Britain objecting to the blacklisting of American business firms as an "invasion of neutral rights" was cabled to London late last night by the State Department.

It was made known today at the White House that President Wilson was devoting the day to work on other State Department matters. The note sent to England will be given out for publication Monday morning.

The protest, it is understood, is divided into two parts. In the first place this government is said to insist on specific guarantees as to the effect of the blacklist of American firms. In the second the whole question of the right of a neutral government to enter into the United States relating England's contention of her right to establish it.

The specific guarantees are wanted immediately.

The matter of the principle at stake will be threshed out in the time it takes for necessary diplomatic exchanges.

The guarantees demanded are:

The blacklisted firms be allowed to fill their standing contracts and collect their standing debts.

That there be no extension of the blacklist to American firms dealing with blacklisted firms in neutral countries or the United States.

That the blacklisted firms be not prevented from dealing with neutral countries, particularly South America.

NEW YORK, July 27.—Statements by a number of firms on the British trade blacklist insist today that the newly organized association to resist British domination of American commerce is not a representative body to deal with the question. It was said that at least 50 of the blacklisted firms have refused to join the organization.

Two Elopements in Three Days, Record

WHITTIER, July 27.—Two elopements in three days is the record set in Whittier by well known young people. The latest occurred this morning when Miss Helen Wiles and Charles Cooper were the principals. Saturday, Miss Millie Wright, daughter of Mayor and Mrs. Frank Wright, eloped with Harry Gibbs.

The elopement of this morning started at sunrise. Miss Wiles and her brother in his motor car met Cooper and sped to Santa Ana, where they camped on the mountainside, steps from the marriage license clerk's office at 8 o'clock. After the marriage they took a south-bound Santa Fe train for San Diego.

Mrs. Cooper is a daughter of Mr. and Mrs. J. M. Wiles of North Friends Avenue and is a graduate of Whittier High school and Los Angeles Normal school. She was manager of the high school basketball team. Mr. Cooper is a member of a pioneer Los Angeles county family. He also is an athlete. They will reside in Whittier on their return from their honeymoon.

Spring Valley to Install Meters

SAN FRANCISCO, July 27.—Agreement as to a method of measuring water to consumers has been reached by the Spring Valley Water Company and the State Railroad Commission. The water company has modified its original request to the commission, and as a result of a new arrangement 40,000 meters will be installed in San Francisco.

That it would cost \$2,000,000, on account of the high price of steel, to make a connection now with the new Calaveras reservoir was declared by the company representatives. As this work cannot be done at present, wastage, it was declared, should be discouraged in every possible way, and with this in view the company planned the meter installation. All consumers whose flat rate has been more than \$1.80 will pay this as a minimum rate. The meters, it is declared, will not increase the company's income.

Ministers to Visit San Quentin Prison

All of the Methodist ministers of the bay region will go to the State penitentiary at San Quentin Monday, it is reported. In the invitation, Dr. Arthur C. Shepherd, the chaplain, who is a member of the preachers' meeting which ordinarily meets in San Francisco every Monday morning, is leading to call at 10 o'clock in the morning, they will arrive in San Quentin in time for luncheon. Rev. B. J. Bradner, pastor of Shattuck Avenue church, Oakland, who is president of the preachers' meeting, will act as toastmaster and Warden Johnson, Chaplain Shepherd and several prominent clergymen of the party will respond to toasts. The party will inspect the State's prison, and leave for the return trip at 5:15 o'clock p. m. It is expected that about fifty men will go.

Closing Arguments in Dupont Suit Made

WILMINGTON, Del., July 27.—Closing arguments for the complaintants by William A. Glasgow Jr. brought the suit over the possession of about \$50,000 worth of Dupont Powder Company stock to a close yesterday. Glasgow arraigned the defendant officials of the company for acquiring stock for themselves instead of for the benefit of the company. Fourteen million dollars was paid for the stock, which was purchased from General T. C. Dupont, and which, because of war contracts, has increased in value to \$50,000,000.

MANY AT PARTY.

In honor of Mrs. A. Vage a surprise party was given at her home in Thirty-fifth street by nearly a score of her friends. Musical selections were given on the occasion, which was enjoyed by Mrs. Francis Thierry, Mrs. Mae Garcia, Miss Madeline Garcia, Miss Josephine Kees, Miss Florence Brown, Grace Brown, Mr. and Mrs. Jack Ferrier, Mr. and Mrs. Charles Enos, Mr. and Mrs. Ernest Santos, and Mrs. M. E. Brown. William Brown, Mal Silva and Mr. and Mrs. A. Vage.

GERMANS WILL STRIKE PLAN COUNTER-ATTACK

LONDON, July 27.—Hand-to-hand encounters with the Germans and an active artillery pounding continuing throughout the night was reported today by General Sir Douglas Haig. He said the Teutons were using quantities of tear shells.

"No event of importance" was reported by the British commander-in-chief.

"Throughout the night," he said, "our artillery was active. We continued to press the enemy in hand-to-hand encounters at various points. Elsewhere the enemy was using gas and tear producing shells. There was no event of importance."

POINT OF ATTACK

Within the next few days the British advanced lines must withstand Germany's most powerful counter-attacks since the start of the allied offensive. The newly won positions out of Pozieres from which the Teutons were forced out will be the point of attack.

This was the opinion of military observers here today. They pointed out that the Germans have admitted transferring large reserve forces to this salient from Verdun. Knowledge of that fact made the British success reported yesterday by General Haig all the more satisfactory, but it likewise gave notice to military experts here that the Germans, feeling the menace in the British encircling movement from Pozieres westward and eastward from Hill 141, south of Thiepval, would attempt its checking with every resource of men and guns at their command.

NEARING OBJECTIVE.

In their positions at Pozieres, the British are only a trifle more than six miles from Bapaume, the immediate objective of their drive. At one point at least they have penetrated the third line of the German front. If they can press the intervening six miles to Bapaume a German retirement along a front of fifteen or twenty miles is almost inevitable. From Pozieres on to Bapaume the country is fairly flat, with none of the ridges which mark the territory just south of Thiepval, except one knoll, known as Hill 160.

None of the official statements shed light on whether this position, lying northwest of Bapaume, is traversed by the two strong trenches which Haig reported having been stormed and captured. Great activity in throwing up entrenchments and consolidating their gains will be necessary so that the British can successfully withstand the German counter-attacks and until this digging in is accomplished it is not expected that there will be another forward drive.

Tech. High School Teachers to Consult

In order that students intending to enter the Technical High School, which opens Monday, may be afforded opportunity to arrange their courses and registration, conference hours will be maintained every day from 2 to 4 o'clock in the afternoon until the opening day of the school by Principal E. M. Fisher. Prospective students may at these conferences discuss their courses and arrange for their registration. The building will be open from 9 in the morning to 3 in the afternoon Saturday.

Tries to Get to President; Jailed

WASHINGTON, July 27.—Steven Ferverbauer, a tailor of Kansas City, Mo., was arrested in front of the White House today when he attempted to gain an audience with President Wilson. He claimed to have suffered persecution in Kansas City. He was taken to St. Elizabeth's hospital for examination.

FORD REFUSES TO SEE DR. AKED

Displeased With Attitude of Pastor; Magnate Denies Interview.

DETROIT, Mich., July 27.—Displeased with Dr. Charles F. Aked's characterization of other members of the Ford peace conference in Europe as "mediocrities" and "cranks," Henry Ford refused to have further communication with the former New York and San Francisco clergyman when the latter sought further audience to clear up what he said was a misunderstanding of the conditions under which he came to Detroit.

Dr. Aked started for New York City, where he will sign up with a lyceum bureau for a lecture tour in the fall. Dr. Aked said he was sick of war discussion and would not make the war the subject of his lectures.

Ford's private secretary, Anderson, said Dr. Aked had resigned from the peace conference before he left Sweden, so that there was no reason for him to resign again Tuesday after his interview with Ford, as he announced to the newspaper.

"Mr. Ford accepted the resignation and there is an end of it," said Anderson. "There is no prospect of Dr. Aked's being reapointed to the conference to carry out any new policy, either of his own or Mr. Plaintiff's. Surely he would not care to have any further association with an organization he has characterized as being composed of 'nuts and cranks'."

FRIEND OF IRISH STIRS COMMONS

Asks Impertinent Questions and Causes Suspension of House.

LONDON, July 27.—Laurence Ginnell, Nationalist, whose opposition to the government has grown more aggressive since the Irish insurrection, and who, in questions to cabinet ministers, makes the most serious charges against the government, caused a short suspension of the sitting in the House today by refusing to withdraw when ordered to do so by the speaker of the House. Ginnell refused to budge when approached by the sergeant-at-arms, and not until the sergeant-at-arms had summoned assistance, and his brother Nationalists had urged him to do so, did he obey the speaker's command.

The Nationalist member had asked Herbert Samuel, secretary for home affairs, whether the military authorities at the time of the insurrection in Dublin had the sanction of the government "for bombing the headquarters of the Cumann na mban nurses, cutting the Red Cross off their dresses and imprisoning them as criminals." The home secretary categorically denied all the allegations, whereupon Ginnell said:

"Owing to the insolent reply of the minister—"

He got up further, as there were loud shouts of order.

He withdrew the word "insolent," but insisted upon returning to the question, whereupon the speaker "named him to the House" and in accordance with practice Premier Asquith moved that Ginnell be suspended. Ginnell alone voted against the motion.

Mrs. E. J. Carley, Robert and Charles King. The funeral will be held Saturday from his late residence.

S. F. Steamship Asks Protection

Officers of Korea Fear German Submarines.

NEW YORK, July 27.—A wireless message to the State Department at Washington from the Japanese steamship Korea asking protection from German submarines was overheard and reported today by officers of steamships arriving at this port. The message, they said, asked protection for the American officers and engineers who were on board the Korea to take her through the Panama Canal to San Francisco, where she will be turned over to a Japanese crew.

Rebel Cork Society to Hold Great Reunion

The thirtieth annual reunion of the Rebel Cork Revuevolut Association will be held at Shellmound park on Sunday, August 6. The organization is the only one of its kind in the United States and its objects are purely of a charitable character. The entire proceeds raised by the celebration are to be turned over to the benevolent funds.

Members of the organization are coming from various up state cities to participate in the celebration. The organization has no direct branches, but members are distributed throughout the entire state.

A number of special events for entertaining the guests have been arranged. Exhibitions of Gaelic dances will be given by Pearl Hickman, Hazel and Pearl Allen, Ellen Keohane and other noted dancing girls. There will be a series of games and a relay race for football and hurling teams.

Eugene McAuliffe is chairman of the general arrangements committee and John Breen secretary and treasurer. R. F. Buckley will be the games committee and Edward O'Reilly is chairman of the press committee.

DENIES WARNING OF DIVER ATTACK

But Torpedo Misses Steamer by Sixty-five Feet and Hits Cliff.

BERLIN (wireless), July 27.—A delayed report from Hamburg dated July 19, received by the Overseas News Agency today, gives details of the previously reported attack by a Russian submarine on the German steamer Elbe off the Swedish coast, as follows:

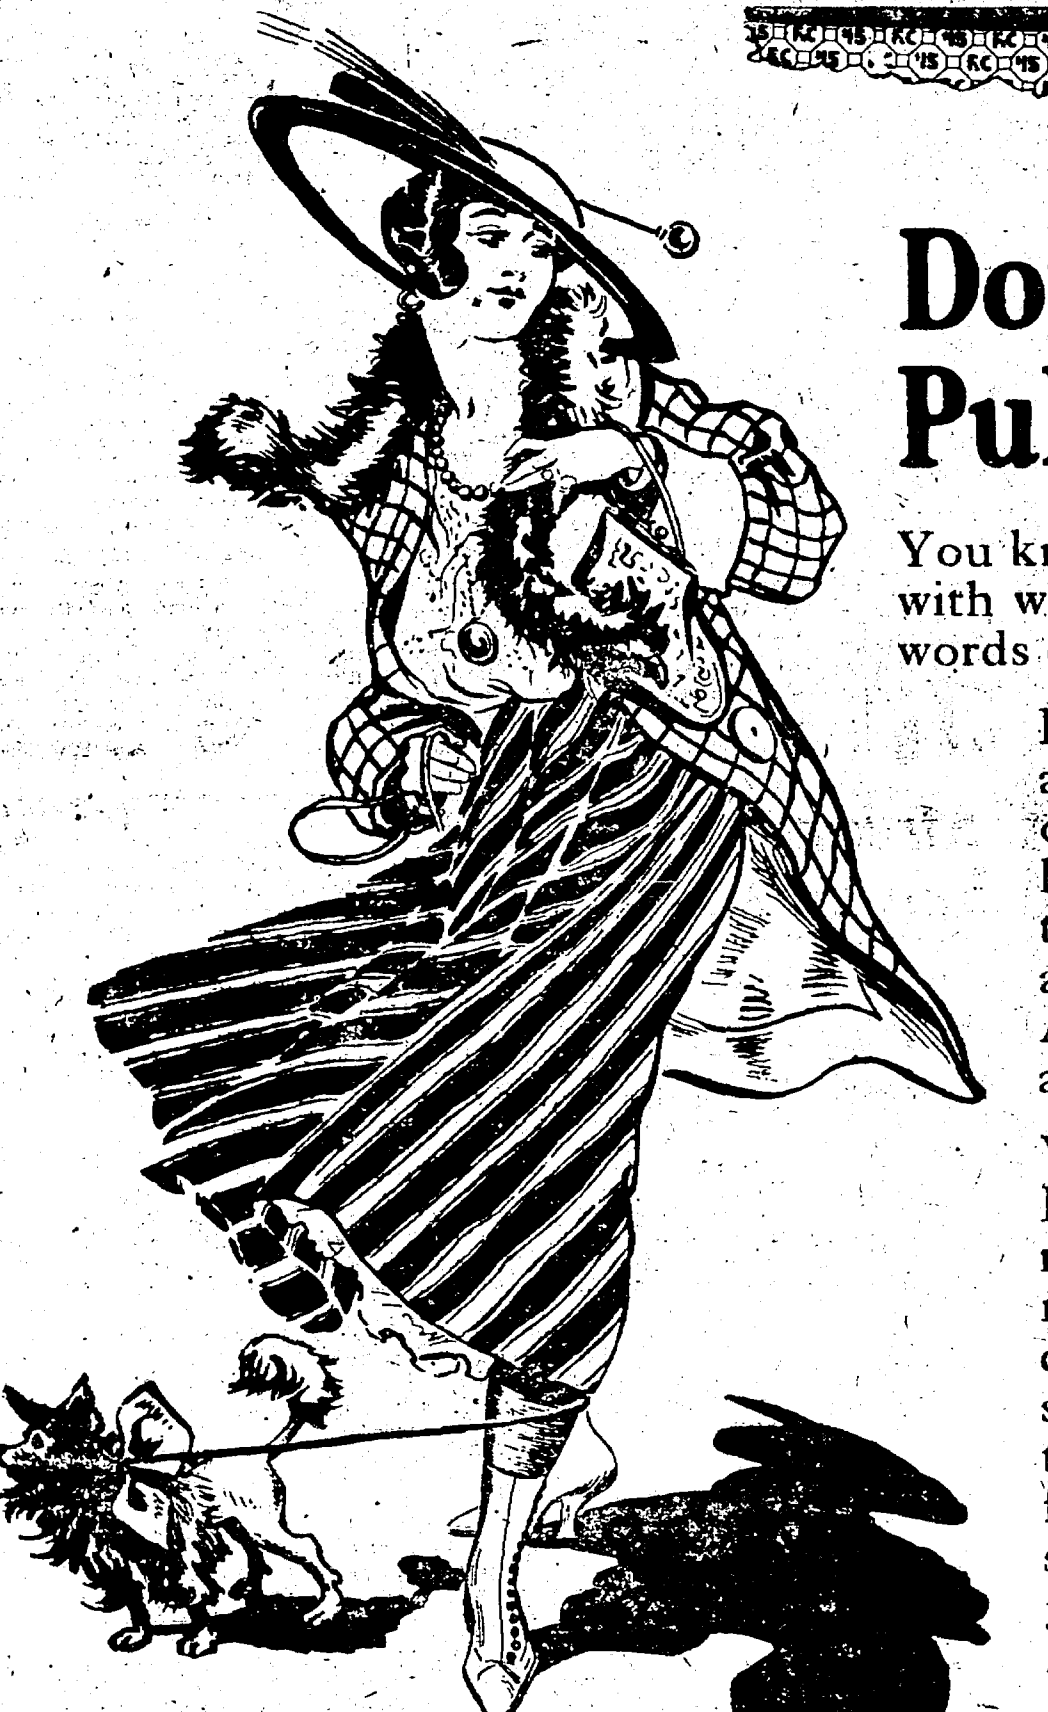

"The German trading vessel Elbe, from Bondswall to Lulea, Sweden, was attacked off the port of Ratan, a half mile from the shore by an enemy submarine, a torpedo being discharged without any warning. The captain of the Elbe, by a rapid maneuver, succeeded in dodging the torpedo, which passed the steamer at a distance of 30 meters and exploded against the cliffs."

Austrian Societies to March in Parade

Plans for a parade of Austrian and German-American societies, to be held next Sunday, will be made by the committee in charge of the annual picnic of the Austrian Military and Benevolent Association, at Shellmound park.

The committees in charge will meet tonight in National hall. It is expected that several thousand will participate in the parade, which will start from National hall at 10 o'clock.

Many features have been arranged for the picnic. A competitive drill between the San Francisco branch, under Captain Sabadin, and the Oakland branch under Captain Botica, will be held. T. Ziffra is chairman of the committee in charge.

Don't Let "Miss False-Front Pull Your Leg"

You know the kind of woman that wears would-be gold and shines with would-be silks, puts would-be love into her eyes and whispers words of make-believe admiration.

Is that clothier any better who puts would-be gilded columns and would-be silver fittings and make-believe words and acts of personal flattery above high standards of integrity and honesty? In his establishment these may exist only to the thickness of a polished surface. Will such a merchant take advantage of you any less readily than the imitation woman? Are you any more justified in spending your honest money along his glittering path of extravagance than on that other?

Virtue means simplicity. Integrity means unvarnished words. There is no room in this world for skin-deep Honesty. From the start we did away with all that implies surface flattery, false front or outward show, exaggerations of word jugglery.

Business extravagance creates business hypocrisy. High street level rent, artistic interior decorations, costly clothing cases and fixtures are merely traps to coax out of your pocket the money wherewith to pay for these false magnets that do you no good.

We Never Hold a "False-Front" Sale

Somehow we can't bring ourselves to believe, it's fair or square to ask one man more and one man less for the same identical suit. We think, juggling prices is putting on a false front, so we never change our price, the year round, but sell

FOUR ARE IN FIGHT FOR CHILD

Aunt, in Jail, Says That
Father Is Unfit to Care
for Daughter

Two Other Sisters Aid
in Fight to Keep Girl
From Parent

Little Julia Sparwasser, 11 years of age, is the central figure today in a legal battle between her father and the three sisters of her dead mother. One of the sisters, Mrs. Emily Nunes Kellett, is now in the city prison awaiting trial on a charge of child stealing. A second, Mrs. Minnie Darden, is somewhere in Idaho with the child in her possession. The third, Mrs. Mary Johnson, is in California and is providing funds to help care for the little girl.

Charles Sparwasser, through his attorney, J. J. Van Hovenberg, is appealing to the courts for habeas corpus, for a writ of contempt of court against Mrs. Kellett and for her arrest on a felony. The threat is made that a second warrant will be issued today for the second sister, Mrs. Darden, who is in possession of the girl.

Mrs. Kellett was arraigned before Judge Aaron Turner this morning on the charge of child stealing. She allowed the preliminary hearing to be set for August 9. She is seeking an attorney and funds to gain her release on bail. But she is determined not to reveal the whereabouts of her little niece. She declares the father is an unfit person to have the custody of the child. A counter charge of the same character is made by the father with regard to Mrs. Kellett.

"It is a long story," Mrs. Kellett said in court today after she had been arraigned. "My sister, who died last September of quick consumption, there is tuberculosis in the family—had been divorced from her husband for three years. She had obtained the divorce on grounds of cruelty and had been awarded the custody of the little girl.

CHILD WILLED TO HER.
"Knowing that she was going to die and believing that the father was a suitable person to have the child, my sister made a will before her death. In that will she gave to me and our two other sisters, the guardianship of the child. We had the will probated, and I had believed that my sister made a will with my two sisters of my little niece.

"After my sister died in San Francisco, I came to live at my home in the street here. I took care of the little girl at this time.

"Mr. Sparwasser made some provision for her care for several months, giving me about \$25 a month for her. He had her go to see him every Sunday and Sunday afternoon. He had to force the child to go to her father. "Mr. Sparwasser is married again, and always before the child he tells how much happier he is with his present wife than he was with her mother. This makes little Julia cry and she has again and again asked not to be sent to her father's house.

"Last Christmas I decided that the child should have a happy Christmas, and decided to let her stay home. But her father came to the house and said she would have to come and stay with him.

"If she doesn't come," he said, "I will not pay any more toward her support."

"I don't want the money," Julia said. "I would rather live with Aunt Em. If I had to have only one meal a day, I would live with her. I have ended in her crying and almost having hysterics from the constant worrying."

"I consulted a physician and he told me that it was necessary to send her to the mountains to save her life. She has already partial paralysis in one leg. She was with her mother and slept in the same bed during the last weeks of her mother's life, and continued there for some time after her mother died."

Attorney Van Hovenberg denied the allegations made by Mrs. Kellett.

Balkalala Copper Co. Raises Wages

REDDING, July 27.—The Balkalala Copper Company, operating at Coram, today raised the wages of its 200 employees 50 cents a day, and abolished the "bonus system." The men did not ask for a bonus, but the New York office made the increase to correspond with the increase granted by the Mammoth Company.

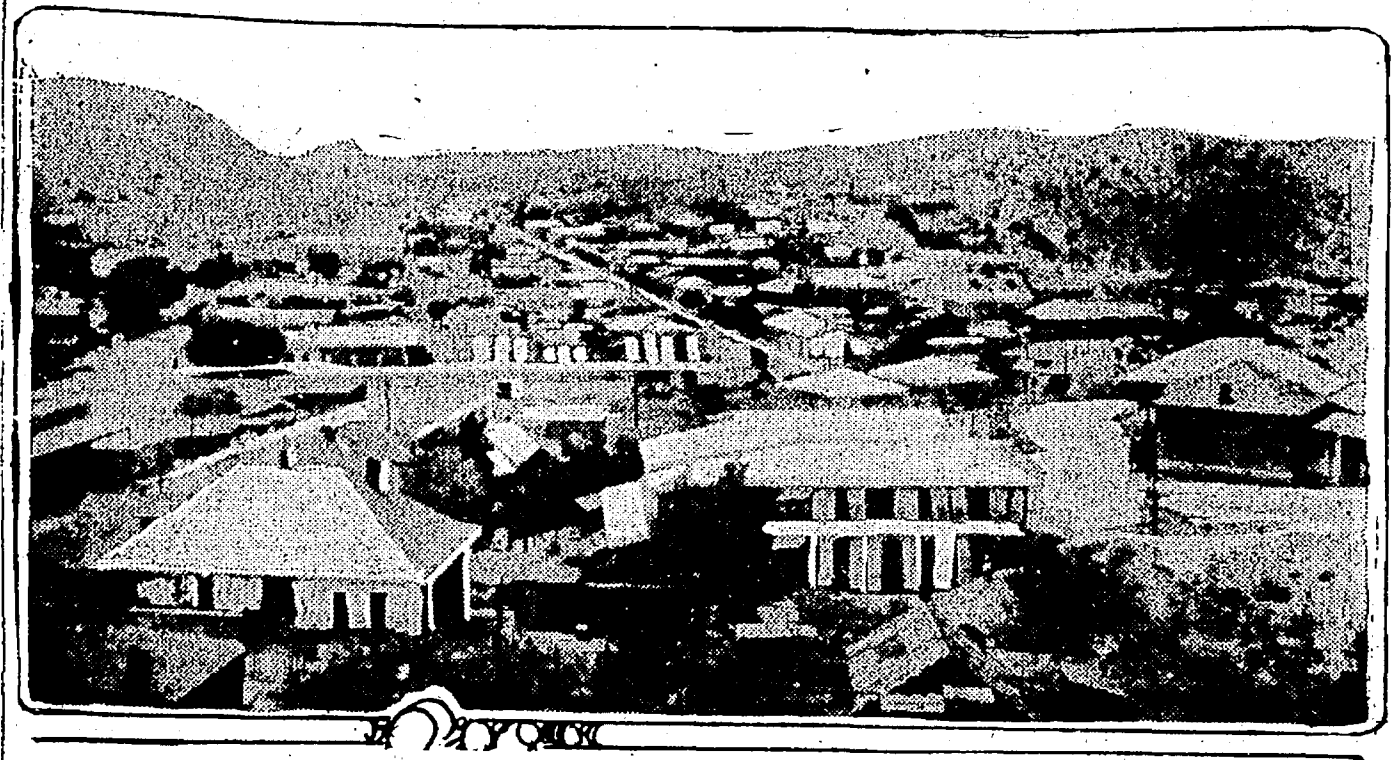

Five hundred employees of the Mountain Copper Company at Kenwick are still out, awaiting word from London regarding their demand for increased wages. Today the company shut down its machine shops and concentrator, laying off 100 more men, making complete shut-down of activities until advice regarding the miners' demands come from London.

ONE FATALLY HURT IN GALE BORDER CAMP IS STORM-SWEPT

VIEW OF CAMP CLAGGETT, VISITED BY STORM AND FLOOD.

Alameda Man Proves Hero at Nogales Camp; Company A of Oakland Distinguishes Itself

NOGALES, Ariz., July 27.—One man is probably dying today and several others are suffering from serious injuries as the result of an electric storm that all but swept away the national guard camp here last night. Lightning struck tents, cookhouses and trees. Several men were knocked unconscious. One man, caught in the flood, was saved by a human chain, the guardsmen, holding hands, wading out to him. Private North of Hartford, Conn., was struck by a lightning bolt. Physicians declare that he cannot live. The Connecticut hospital tent was completely wrecked, and the patients only saved with difficulty.

AFTER DINNER.
The storm rose shortly after the dinner hour, coming on suddenly, after the fashion of desert cloudbursts. Heavy rain flooded the camp, while a high wind and lightning completed the damage. Kitchens and mess halls, the new Y. M. C. A. structure, a large number of trees and many tents were razed. The creek running by the camp became a roaring torrent.

The hero of the occasion was First Sergeant Alexis von Schmidt of Company A, who saved the company papers and important maps. Company A of Oakland was mentioned in reports to headquarters as distinguishing itself. Majors Farrell, O'Toole and Dixon were also praised for their prompt work in the reports.

BAND PLAYS.
When the storm broke the men, becoming nervous, were greeted by the band, playing "I Love You, California." The bandmaster then changed the air to "How Dry I Am," and nervousness vanished for laughter.

The guardsmen hustled out their wagons and loaded tents as fast as they fell. Today reconstruction was in progress.

IS FROM ALAMEDA.
ALAMEDA, July 27.—Sergeant

Alexis von Schmidt, the hero of the cloudburst and windstorm which razed the Fifth regiment camp at Nogales yesterday, is an Alameda man. He was formerly a lieutenant of Company G, but resigned from the service a few months ago, his place as a company officer being taken by Lieutenant Jesse Delaney. When the call for recruits was issued one of the first to respond was the former company officer, who enlisted as a private. He was quickly made a sergeant.

"Lex" von Schmidt is one of three von Schmidt brothers in Company G and all are sergeants. The three brothers are A. von Schmidt, E. A. von Schmidt and R. von Schmidt.

The von Schmidts are nephews of Major C. L. Tilden, a veteran of the Spanish-American war.

Mrs. C. P. Magagnos received a letter from Captain Charles Magagnos, captain of G company, this morning. The letter said that everything was running along as well as could be expected. The captain said his men were well and comfortable. He gave no direct hint as to what the border soldiers thought of the present status of affairs, but the tenor of the letter indicated that the captain believed the guardsmen would be kept on the border for a considerable period of time.

Oklahoma Soldiers Are in Quarantine

BY WILLIAM G. SHEPHERD.
SAN BENITO, Tex., July 27.—Col. R. L. Bullard of the Twenty-sixth United States Infantry grumbled and grined, sat with his feet on the sideboard of his tent in the center of a 50-mile-square stretch of territory which he commands, and while orderlies came and went he kept his eyes on the camp of the First Oklahoma militia, across the road.

Colonel Bullard's tent hasn't always been across the road from the Oklahoma militia. It used to be some-

where else. But Bullard had it moved for the single purpose of keeping his eye on the Oklahomans.

Watching Mexicans in the San Benito district, which is the mustiest and the rainiest district on the border, with his seasoned troops of regulars for nearly three years, but watching Oklahomans will occupy his attention for the next two or three weeks. He has imprisoned 1000 Oklahomans in their pasture camp and his job is to see that they stay imprisoned.

TROUBLE UNSUSPECTED.
Colonel Bullard's trouble began brewing without the colonel's knowing it, nearly a thousand miles away from here in Oklahoma City about a week ago, when Lawrence Attkin, a street-car conductor, 23 years old, got on a train and came to Texas with his state's troops. He had a little fever then and when he took the typhoid fever serum he got some more, but he didn't complain. In fact, the whole trouble is that he didn't complain. As Lieutenant E. Whitney of Wewoka, Okla., told him when he motored in hot mud out of the "Rio Grande" to witness Colonel Bullard's troops. The whole trouble was that Private Attkin was too good a soldier to complain.

There are various kinds of "walking diseases," notably "walking typhoid," in which the patient walks about among his fellows in spite of illness. It now develops that Private Attkin, because of his fortitude, was suffering from "walking measles."

FEAR IS GENERAL.
There is a very general fear that there are measles on the guns ground and even measles on the ground. In the First Oklahoma camp, owing to Private Attkin's attempt to keep his measles a secret.

Truth is out. Attkin lies in a tent, cared for by a nurse and three surgeons. The whole regiment is quarantined and confined to camp.

Governor Johnson speaks, Hotel Oakland, 8 p. m.

STATE'S ASKED FOR MORE TROOPS

One Thousand Men Needed to Fill Gaps in Ranks Along Border.

HEADQUARTERS CALIFORNIA NATIONAL GUARD, NOGALES, Ariz., July 27.—California was asked to furnish 1000 more guardsmen today.

"Recruit sufficient number of troops to fill vacancies," were the orders received here. Approximately 1000 men are required. This number is needed to fill the vacancies made by physical rejections, releases of married men, and the original shortage in the ranks.

California commanders were ordered to supply Adjutant-General J. D. Barrette at San Francisco with the number of recruits needed. It was intimated that company lieutenants would be sent to their home towns to conduct recruiting.

In anticipation of possible trouble between Mexican factions in lower California, the first battalion of the Twenty-first regular infantry has been ordered to Yuma, Ariz. These troops will entrain on Friday.

Quartermaster-Sergeant Reggina, Company C, Seventy-first infantry, and Captain G. S. Severin, Company B, in the hospital today recovering from burns sustained when struck by lightning last night.

HARTMAN, SCOUT, COURTED DEATH

Under Arrest for Big Federal Frauds, Tells Officers Strain Too Great.

COLUMBUS, N. M., July 27.—Guy Hartman, scout for the American punitive expedition, under charges of revenue frauds at Fort Smith, Ark., was taken to Santa Fe, New Mexico, today by United States marshals to await formal extradition. Because of the illness of Federal Judge Pope of New Mexico, proceedings for the removal of Hartman from the state have been transferred to the Denver district. Hartman is willing to go without formal papers.

J. S. Barkman of the revenue service, who arrived from Little Rock yesterday declared that the frauds charged against Hartman and accomplices aggregated \$385,000. The prisoner recognized Barkman and said he wanted to return with the officer as soon as possible to stand trial.

"I'm glad it's over," Hartman said. "I had hoped by my services to the government as scout with the expedition to atone for my wrongs. I even hoped to be killed in action, which may account for my seeming recklessness in fights with the Yildizli."

I have a wife and daughter, nine years old, in North Carolina, but haven't heard from them in months. I'll go back and serve my time. I'd have surrendered eventually, any way, because the strain was too much."

Mercury at 95; He Shivers Just Same

KANSAS CITY, July 27.—A shivering negro rushed into the headquarters here, his arms, stamped his feet and blew on his fingers. "Say, boss, why don't you all send some one to clear away that snow?" he demanded of Captain Fletcher. "That's so, the trucks can't get through. The ice is so bad everyone is falling down. It's still snowing outside."

The negro was held. He gave his name as Charles Jones. He continued to shiver when put in a cell, despite the 95 degrees registered by the station thermometer.

SPY VESSEL WILL TRAIL CARGO DIVER

British Tramp Watching Every Move of Deutschland

U. S. War Craft to Prevent Violation of Neutrality

BALTIMORE, July 27.—When the German sub-sea freighter Deutschland starts down the Patuxent for the capes, en route home, a big British tramp steamer, Ardgriffe, is due to follow her as a spy ship.

An officer of the watch boat admitted today that "we plan to go out when our friend over yonder does."

He was reticent about his purpose, though he admitted that he and his Japanese crew are keeping a lookout.

"Look up our record in port," he said. That record shows only that she came in light: It does not tell where she goes from here or whether she will dog the submarine farther than the capes.

The Ardgriffe carries a swarm of little brown men. They watch well. And the Ardgriffe wireless can tell tales if she wishes to take a chance with the American neutrality rules and the radio inspector.

NO PREPARATIONS.
If Captain Paul Koenig of the Deutschland plans to start today on the return voyage there is nothing going on at the pier that is any more indicative of departure than has been the case for the last few days.

Overnight developments, in fact, tended to increase the probability of a report late last night that it has been decided to hold the Deutschland here until some word has been received concerning her sister ship, the Bremen.

When Carl A. Luederitz, German consul here, announced that the report to Ambassador von Bernstorff, which he had planned at his home last evening, had been definitely postponed, he was asked when the Deutschland would leave.

"She will not leave for a week," answered Luederitz.

INVESTIGATE REPORTS.
NORFOLK, Va., July 27.—The armed destroyers North Carolina and three destroyers just outside Cape Henry near the allied warship patrol line worked slowly up and down today close to an English cruiser.

Supplemental reports on the mysterious appearance of an unidentified British cruiser within the capes Monday night were being prepared by naval officers here today for the Navy Department.

Various details of the incident have gone forward to Washington at different times since Tuesday morning, but the department has expressed a desire for more. One point, it is understood, has been cleared up: The British cruiser was not seen leaving the capes. Thus far the only report of her being seen after she passed the battleship Louisiana on her upward journey has come from unofficial sources, who said they saw her on her outward journey near Cape Henry shortly before daylight.

BEAUFORT, S. C., July 27.—Two allied warships appeared off Beaufort Inlet last night, following reports that the German merchant submarine Bremen was heading this way. Nothing was seen, but the submarine, but the warships continued their patrol today, cruising about fifteen miles off shore.

ALDEN CLUB TO MEET.
The Alden Library and Improvement Club will meet tomorrow evening at 8 o'clock, at Vander Nallden School, 5175 Telegraph avenue. Business of importance is to be discussed.

Heat Causes East to Suffer

Records of Years Are Broken by Mercury

CHICAGO, July 27.—While reports of heat suffering poured in from all parts of the Middle West today the mercury continued its upward climb. Another scorching was today's prediction by the weather bureau. Unless mercury tumbles quick this will be the hottest July in the history of plains states. Government records show the present heat wave is the longest since 1871—has far back as the records go. Official temperature at 11 o'clock was 97 here, the highest of the season in Chicago.

Police reports up to 1 o'clock showed two deaths and eleven prostrations due to heat. At 1 p. m. the thermometer reached 99 degrees. A stiff breeze sent it down two degrees in the next hour.

NEW YORK, July 27.—The humidity was greener here today than at any time since July 1897, the local forecaster declared. Early in the day as 9 a. m. the humidity registered 98 with the temperature 74. No relief is promised.

CLEVELAND, July 27.—With the hottest weather of the year being experienced here today the Delivery Company, the biggest ice concern here, announced an increase in price of 2½ cents per hundred pounds to domestic and commercial trade today. Danger of an ice famine is given as one reason.

MRS. HEIM LOSER IN BANK'S SUIT

Decision May Take Sonoma Property From San Lorenzo Woman.

Mrs. Ella Heim of San Lorenzo, who two years ago fought in the courts of San Francisco for a share in the \$6,000,000 mining properties of the Wilson-Kimball Mining Company on a claim of grubstakeing Jerry L. Wilson, who married Alice Nightingale, her ward, in 1887, may lose title to valuable Sonoma county realty through a judgment entered against her today in a suit brought by the Carver National Bank of St. Helena to set aside deeds made to her niece, Mae Lund.

The plaintiff alleged that Mrs. Heim and her husband, Julius F. H. Heim, had transferred the property to avoid a judgment for \$10,000 that had been awarded to John S. Noble in an action for \$40,000 damages brought for alleged misrepresentation in a realty transaction. At that time the plaintiff claimed that it held another judgment for \$1500 against the Heims.

Mrs. Heim's suit against the Wilson-Kimball Mining Company was heard before Superior Judge Trout in San Francisco in October, 1914, when she obtained judgment. The suit was finally lost on appeal. The suit was commenced in 1910, when Mrs. Heim learned for the first time that the man she grubstaked had succeeded in digging fabulous wealth from the Alaska gold fields.

Letter Not Codicil, Rules Higher Court

SAN FRANCISCO, July 27.—The Supreme Court today reversed a decision of Superior Judge Coffey in allowing a letter of the late John M. Keith, millionaire oil operator of Bakersfield and Fresno to be considered a codicil of his will. This letter promised J. J. Mack, executor of the Keith estate, \$50,000 for his services, and the court allowed it to be appended to the will. The heirs contested and the court holds that the letter cannot be considered a codicil, so Mack will get nothing but the usual court fees for his work.

Following Keith's death, Dr. Sarah Tedford of Los Angeles, brought forward a woman claiming to be his daughter and a spirited contest resulted. Keith left \$50,000 to Mrs. Edith Spreckels, \$25,000 to another local society woman.

REES SAYS SMITH DOCK PLAN O. K.

Corrects Mayor, Who Has Suggested Conflict With U. S.

Letter to Keith Clears Misunderstanding of Davie

Mayor John L. Davis and Lieutenant Colonel Thomas H. Reese, United States engineer, differ materially in their interpretations of a recent conference over the proposal of F. M. Smith and Rufus P. Jennings to lease municipal waterfront lands between the Key Route and Southern Pacific piers for a term of 99 years. At least today they made public opinions which are diametrically opposed.

"One ground for my opposition to the Smith-Jennings proposition," announced Mayor Davis yesterday, "is that its accomplishment would interfere with the Federal plans for the development of the inner harbor improvements. I have discussed the situation with Colonel Reese, and I find that the filling of that large section of tidelands would block the construction of the deep water canal from Richmond to Oakland, which is an integral part of the government plans."

This morning Harbor Manager W. W. Keith made public an exchange of letters between himself and Colonel Reese in which the Federal engineer makes a statement flatly contradicting Mayor Davis's contention and approving the Smith-Jennings proposal as a satisfactory unit in the general plans for development. The correspondence is as follows:

KEITH ASKS.
City of Oakland, California. Department of Public Works. Office of Harbor and Traffic Manager.

July 25, 1916.
Lieut. Col. Thos. H. Reese, Corps of Engineers, U. S. A., 401 Custom House, San Francisco, Cal.

Dear Sir—You no doubt have noted through the columns of the daily papers the project which is being proposed by Mr. F. M. Smith for leasing city property lying inshore of the rock bulkhead in the Key Route Basin.

Assuming that a blueprint of Mr. Smith's plan has been submitted to you, would you ask that you kindly advise if, in your opinion, this proposed project will conform with your comprehensive plan for the future development of the Oakland waterfront.

I will be pleased to receive your views on this matter at an early date.

Yours truly,
W. W. KEITH, Harbor Manager.

PIAN O. K.
City Department
United States Engineer Office, 401 Custom House, San Francisco, California.

July 26, 1916.
Mr. W. W. Keith, Harbor Manager, Oakland, Calif.

Sir—In reply to your letter of the 25th inst. in regard to proposed improvements in the Key Route basin, a blue print of which has been furnished me, I would say that the plans shown would be in accord with the general plan of harbor for east bay cities prepared by this office and submitted to you on July 18, 1914.

YANKEES SLIPPING UNDER PRESSURE OF TEAM INJURY

Lee Magee Out of Game, With
No Regular for Duty in
Outfield

NEW YORK, July 27. — The Yankees are slipping. The flax which has persistently trailed Donovan's men since they climbed to the peak of the American league was pressing closer today. The latest blow, the loss of Lee Magee, stripped the Yankees of their last regular outfielder and yesterday Ray Caldwell, pitcher, held down

The minor league teams to which Don Aronow turned for his start recruits, Milwaukee and St. Paul, were not the only ones to turn to the New York manager's aid by reaching for a hole in the outfield without plugging their crack, while Urban Shocker, with five years' experience, was not the only one to be picked up in the International league and the crippled team to be in shape to assist.

With a margin of half a game, the Yankees are tops today. Meanwhile, while the western clubs are playing with their eastern visitors. Just one week ago, the Yankees were the only team to have been able to cover that being by the Yankees' line.

Every thing close to the line the western teams are cleaning up. The Yankees are the only team to have been able to cover that being by the Yankees' line.

In the National league four games still separate the Dodgers from the field, putting up a much improved game a week ago, the soothing influence of the home grounds, and the Yankees are the only team to have been able to cover that being by the Yankees' line.

BOWLING.

In the House league tourney being held on Herold's Ninth street alleys last night there were several large scores made, brilliant plays pulled off and games so close that it kept the spectators on the tip toe. Some of the players were on the anxious seat until the last balls were rolled.

In the first set Tabler had an average of 150-2, while Whitney made the high individual score of 231 and an average of 204 2-3. In the 830 set Waters carried off 204 2-3. In the 930 set Waters carried the high score of 213, an average of 150 2-3.

his old time form by making high scores of 231 and an average of 188. Beekman team will bear watching as besides himself he has the old war horse, F. F. Hill, and a very promising player by the name of W. Lowe. Lowe shows well.

Following are the scores:

TABLER'S TEAM—8 P. M. SET.			
F. O. Tabler	169	159	134-51
G. T. Myers	145	210	157-53
Pace	191	145	148-48

Pace	VS. WHITNEY	TEAM.	
Dr. W. Dunn169	183	181-54
R. W. Whitney231	187	196-61
